The 16th International Symposium on Legal Aspects of European Forest Sustainable Development will be held in Romania in May 20-22, 2015. For the first time, the symposium will be organized as a cross-border meeting hosted jointly by the Transylvanian University in Brasov (Romania) together with the Forest Research and Management Institute Chisinau (Moldova).

Background

The 1st International Symposium on "Experiences with new forest and environmental laws in European countries with economies in transition" was held in Ossiach, Austria in June 1998, followed by another such meeting, again in Ossiach, in September/October 1999. The 3rd International Symposium was held in Jundola, Bulgaria in the mid June, 2001, followed by the IUFRO 6.13.00 group meetings in Jaunmokas, Latvia 8 - 10 August, 2002, then in Zidlochovice, Czech Republic in 28 – 31 May 2003, and after that follow-up symposia took place in Poiana Brasov, Romania, in 16 - 20 June 2004; in Zlatibor Mt., Serbia, in 11-15 May 2005; in Istanbul, Turkey, in 10 – 14 May, 2006; in Zikatar, Armenia, in 19 - 23 June 2007; in Sarajevo, Bosnia and Herzegovina, in 7 - 9 May, 2008; in Zvolen, Slovakia, in May 13-15, 2009; in Larnaca, Cyprus, in 30 May - 2 June, 2010; in Kaunas, Lithuania, in May 18 – 20, 2011; in Minsk, Republic of Belarus, in September 19 – 21, 2012 as well as in Tirana, Republic of Albania, in May 14 – 17, 2013.

IUFRO 9.06.00 (former 6.13.00), the forest law and environmental legislation working group, aims to promote exchange of information amongst researchers and practitioners active in forest law and environmental legislation all over the world and to permanently review the state of the subject, thereby setting priorities concerning research and practice.

Objectives of the Symposium

One of the group's foremost objectives and challenges is to stimulate and facilitate communications among researchers and practitioners responsible for forest law and environmental legislation in European countries, not only, but in particular those with economies in transition. In order to accomplish this target, this IUFRO International Symposium will be held:

- to create the opportunity for specialists from different countries, to get acquainted, involved and familiar with the new legal situation in European forests;

- to provide a forum to everyone from the European CIT involved in forest law and environmental legislation, intended to exchange experiences in formulation, implementation and administration of their new forest and forest related laws;
- to make possible a comparison between the new EU and CIT legislation in the field mentioned;
- to encourage and support an overall discussion on open questions and impending problems to be identified during this meeting.

Topics of papers

There is a quite traditional milieu of this Working Group interests:

1. Translation of political ideas referring to forest and environmental laws into action since 1990 – realisation, enforcement measures, incentives and others legal provisions.
2. Balance between forestry and nature conservation at public and/or private property level.
3. Collision between regulations in forest laws and environment related legislation.
4. Interventions in and statutory restrictions on property – preconditions, extent.

Under the umbrella of these four topics mentioned, we would like to discuss in 2015 particularly latest items related to forestry and nature protection legislation, which concerns:

1. Public-private partnerships in forestry and the forest sector as a whole
2. Different models of public forest administration and non-state forest administration
3. Trends in the development of the forest sector and forest policy in the present conditions in Europe
4. Forests as an important object of environmental law as a public law, taking into account the property rights in the case of forest resources
5. Legal issues of administration and management of forests in protected areas
6. Negotiating processes on legally binding agreement on forests in Europe

Participants

The symposium will be limited to 50 participants. In order to exchange updated information and enable fruitful discussions, one person representing policy makers (Forest Administration, State Civil Service) and one scientist or stakeholder per each country should be ideal. Representatives from South-Eastern European as well as Central Asian countries are particularly encouraged to participate.

MEETING ARRANGEMENTS AND LOGISTICS

Venue

The symposium will be held in the International Conference Centre of the Transilvania University of Brasov.

Travel schedule, transport (Arrival / Departure)
