Climate Benefits of **F**orest Landscape **R**estoration

Book launch at 16:30
Booth D24 / Hall Maillot
*Nature and Climate Change
Pavilion, GLF Paris, France*
Sunday, 6 December 2015

Full program see overleaf

IUFRO at the GLF Nature and Climate Change Pavilion, Sunday, 6 December 2015
Booth D24, Niveau 2 - Hall Maillot, Palais des Congrès de Paris - open from 7:30-21:00

*You are cordially invited to join our **Thematic Pavilion discussions** and meet the authors of our latest publications on the climate benefits of forest and landscape restoration, and on forests and food security:*

10:30-11:00

Meet with authors of the newly launched publication on “**Forests and Food: Addressing Hunger and Nutrition Across Sustainable Landscapes**“, to learn and discuss about the potential of forests to reduce global hunger and malnutrition.

13:55-14:40

Bioenergy in the Landscape - Expert Exchange

with representatives from ICRAF, IUFRO, ITTO, and SNV

- **Promode Kant**, Director, Institute of Green Economy, India, and co-author of IUFRO’s new book on Forest Landscape Restoration (see below), will represent IUFRO and focus on “**Integrating bioenergy production in tropical forest landscape management of densely populated developing countries**“.

15:45 - 16:30

Climate Smart Landscapes: Key Ingredients for Impact at Scale

with representatives from AFOLU/LEDS, ICRAF, IUFRO and SNV

- **Bhaskar Vira**, Director, University of Cambridge Conservation Research Institute, and Chair of the IUFRO-led Global Expert Panel on Forests and Food Security, will represent IUFRO and focus on “**Multi-functional Landscapes for Conservation and Food Security**“.

16:30 - 17:00

Launch of the new book on “**Forest Landscape Restoration as a Key Component of Climate Change Mitigation and Adaptation**“ published by IUFRO and presentations by authors and donor representative **Horst Freiberg**, German Federal Ministry for the Environment, Nature, Conservation, Building and Nuclear Safety.

17:35 - 18:20

Tackling Complexity in Forest and Landscape Restoration - a Best Practices Sharing Session

with representatives from AFOLU, FAS, IUFRO, WRI/ITTO, and WHRC

- **John Stanturf**, US Forest Service, Southern Research Station, and IUFRO Officeholder will represent IUFRO and focus on the “**Contribution of Forest Landscape Restoration to Climate Change**“ on the basis of IUFRO’s newly launched publication on forest landscape restoration (see above), of which he is the lead author.
