

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Carsten	Smith-Hall	Denmark	A global-comparative analysis of household-level incomes from environmental food products	3199	SP-01	SP-01 Forest foods, medicines and human health	October 6, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 06
Kristiina	Wahala	Finland	From forest to pharmacy — drug development from nature based molecules	2131	SP-01	SP-01 Forest foods, medicines and human health	October 6, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 06
Marla R.	Emery	United States	Food security, food sovereignty, and urban forests	3868	SP-01	SP-01 Forest foods, medicines and human health	October 6, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 06
Robert	Nasi	Indonesia	Wildlife: a forgotten and threatened forest food resource	304	SP-01	SP-01 Forest foods, medicines and human health	October 6, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 06
James	Chamberlain	United States	Integrating Forest Foods and Medicines into Sustainable Forest Management	552	SP-01	SP-01 Forest foods, medicines and human health	October 6, 13:30-15:00	Sub-plenary	5	Sub-plenary session: Oct 06
Donald	Grebner	United States	The Role of Bioenergy as an Ecosystem Service	3083	SP-02	SP-02 Integrating the economics of ecosystem services into sustainable forest management	October 6, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 06
Elisabeth	Kindler	Germany	Influence of the TEEB DE study on forest reporting and management	1186	SP-02	SP-02 Integrating the economics of ecosystem services into sustainable forest management	October 6, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 06
Donald	Hodges	United States	Current Status and Future Research Directions for Assessing Water as an Ecosystem Service	3281	SP-02	SP-02 Integrating the economics of ecosystem services into sustainable forest management	October 6, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 06
Shashi	Kant	Canada	Valuation of Ecosystem Services Using the Life Satisfaction Approach	592	SP-02	SP-02 Integrating the economics of ecosystem services into sustainable forest management	October 6, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 06
Ian	Thompson	Canada	Loss of resilience leads to low productivity in a Chilean hardwood forest	217	SP-03	SP-03 Forest health in a changing world	October 6, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 06
Kimiko	Okabe	Japan	Forest biodiversity and forest health	715	SP-03	SP-03 Forest health in a changing world	October 6, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 06
Allan	Carroll	Canada	Synergies, feedbacks and tipping points: mountain pine beetle's rapid range expansion threatens invasion of North American boreal pine forests	1562	SP-03	SP-03 Forest health in a changing world	October 6, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 06
Michael	Wingfield	South Africa	International trade in live plants: Rationale for mitigating a high-risk pathway for the introduction of forest pests and pathogens	781	SP-03	SP-03 Forest health in a changing world	October 6, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 06
Peter	Freer-Smith	United Kingdom	The impacts of pests and diseases on future delivery of ecosystem services	1795	SP-05	SP-05 Biodiversity and ecosystem services in planted forests	October 7, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 07
Hervé	JACTEL	France	Biodiversity and resistance to pests and pathogens of planted forests	1024	SP-05	SP-05 Biodiversity and ecosystem services in planted forests	October 7, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 07
Michael	Scherer-Lorenzen	Germany	Assessing biodiversity effects on forest multi-functionality using a global network of tree diversity experiments	862	SP-05	SP-05 Biodiversity and ecosystem services in planted forests	October 7, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 07
Shuirong	Wu	China	The challenge of climate resilient biodiversity enrichment in planted forests in post-tenure reform China	2045	SP-05	SP-05 Biodiversity and ecosystem services in planted forests	October 7, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 07
mauro	agnoletti	Italy	Cultural values and forest policies. The case of Europe	1528	SP-06	SP-06 Cultural values, quality of life and forest landscapes	October 7, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 07
Ana	Persic	United States	The UNESCO-CBD Joint Programme on the Links between Biological and Cultural Diversity	3898	SP-06	SP-06 Cultural values, quality of life and forest landscapes	October 7, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 07
Jiri	Woitsch	Czech Republic	Bohemian Forest: From forest wilderness to cultural landscape and back	154	SP-06	SP-06 Cultural values, quality of life and forest landscapes	October 7, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 07
Jinlong	Liu	China	Understanding role of traditional forest knowledge and culture in landscape restoration in China	635	SP-06	SP-06 Cultural values, quality of life and forest landscapes	October 7, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 07
Pierre	Bernier	Canada	Uncertainty in forest management planning: why it will not go away and what should we do about it	547	SP-07	SP-07 The Importance of quantifying uncertainty in managing forests	October 7, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 07

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Oswaldo	Carrillo	Mexico	Forest carbon stock change uncertainty estimation in Mexico	3641	SP-07	SP-07 The Importance of quantifying uncertainty in managing forests	October 7, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 07
Ruth	Yanai	United States	Uncertainty in Forest Carbon and Nutrient Budgets	1908	SP-07	SP-07 The Importance of quantifying uncertainty in managing forests	October 7, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 07
Annika	Kangas	Finland	Improving forestry decision making by accounting for uncertainty	566	SP-07	SP-07 The Importance of quantifying uncertainty in managing forests	October 7, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 07
David	Cohen	Canada	Drivers of Future Forest Use	1254	SP-08	SP-08 The future of our forests	October 7, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 07
Gert-Jan	Nabuurs	Netherlands	European forests: facing the challenges of the coming 50 years	1206	SP-08	SP-08 The future of our forests	October 7, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 07
Chadwick	Oliver	United States	Carbon, fossil fuel, and biodiversity mitigation using both wood products and forests	2802	SP-08	SP-08 The future of our forests	October 7, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 07
Luis	Neves Silva	Portugal	New Generation Plantations: what future role towards sustainability?	2514	SP-08	SP-08 The future of our forests	October 7, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 07
Sarah	Welter	Canada	Stretching community-based ecosystem management to protect Indigenous livelihoods: The Beardy's and Okemasis First Nation and the Prince Albert Model Forest	991	SP-09	SP-09 Forests for people: Ecosystem services under pressure?	October 9, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 09
Sally	Aitken	Canada	Reforestation in the Anthropocene: Biological and societal perspectives on genetic decisions	3194	SP-09	SP-09 Forests for people: Ecosystem services under pressure?	October 9, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 09
Felix	Kalaba	Zambia	The role of forest provisioning ecosystem services in coping with household stresses and shocks in Miombo woodlands of Zambia	340	SP-09	SP-09 Forests for people: Ecosystem services under pressure?	October 9, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 09
Ken	Cordell	United States	The Future of Outdoor Recreation, Society and Forests in the United States	3892	SP-09	SP-09 Forests for people: Ecosystem services under pressure?	October 9, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 09
Ulrike	Pröbstl-Haider	Austria	Introduction to the IUFRO Forests for People strategy	2585	SP-09	SP-09 Forests for people: Ecosystem services under pressure?	October 9, 13:30-15:00	Sub-plenary	5	Sub-plenary session: Oct 09
Rupert	Seidl	Austria	Disturbance regimes and ecosystem services in a changing world	1211	SP-10	SP-10 Resilience of forest ecosystem services to changing disturbance regimes	October 9, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 09
Scott	Stephens	United States	Resilience in forest ecosystem management - an introduction from the western US and northwestern Mexico	820	SP-10	SP-10 Resilience of forest ecosystem services to changing disturbance regimes	October 9, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 09
David	Peterson	United States	Climate change and disturbance regimes in western North America: pathways for building resilience	2086	SP-10	SP-10 Resilience of forest ecosystem services to changing disturbance regimes	October 9, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 09
Mart-Jan	Schelhaas	Netherlands	Risks for ecosystem services provisioning from natural disturbance: A European perspective.	2181	SP-10	SP-10 Resilience of forest ecosystem services to changing disturbance regimes	October 9, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 09
Thomas	Spies	United States	Resilience of forest ecosystem services to changing disturbance regimes: a synthesis	1279	SP-10	SP-10 Resilience of forest ecosystem services to changing disturbance regimes	October 9, 13:30-15:00	Sub-plenary	5	Sub-plenary session: Oct 09
Alexander	Vibrans	Brazil	Contribution of Floristic and Forest Inventory of Santa Catarina (IFFSC) to large scale forest biodiversity assessment	514	SP-11	SP-11 Advances in large-scale forest inventories to support the monitoring and the assessment of forest biodiversity and ecosystem services	October 9, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 09
Piermaria	Corona	Italy	Inference on diversity indexes from large-scale forest inventories	517	SP-11	SP-11 Advances in large-scale forest inventories to support the monitoring and the assessment of forest biodiversity and ecosystem services	October 9, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 09
Marco	Marchetti	Italy	Development of innovative models for multiscale monitoring of ecosystem services indicators in Mediterranean forests	1021	SP-11	SP-11 Advances in large-scale forest inventories to support the monitoring and the assessment of forest biodiversity and ecosystem services	October 9, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 09
Michael	Koehl	Germany	Assessing the potential of indicators on C&I: potentials and pitfalls Criteria and indicators (C&I) have emerged as a powerful tool to promote sustainable forest management. C&I covered indicators, programs and	1458	SP-11	SP-11 Advances in large-scale forest inventories to support the monitoring and the assessment of forest biodiversity and ecosystem services	October 9, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 09
Benjamin	Cashore	United States	The Role of Policy Learning in Shaping Pathways of Influence: Lessons from Multi-level Forest Governance for Designing an Effective Learning Architecture	3472	SP-12	SP-12 Policy learning for multi-level governance	October 9, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 09

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Gabriela	Bueno	United States	Can Policy Learning Improve Strategic Insights for Practitioners and Policy Makers? Lessons from collaborative research on legality verification in Brazil	3553	SP-12	SP-12 Policy learning for multi-level governance	October 9, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 09
Margaret	Shannon	United States	Science-Policy Advocacy: Creating new social institutions for policy learning	2712	SP-12	SP-12 Policy learning for multi-level governance	October 9, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 09
Eckehard	Brockhoff	New Zealand	Biodiversity, ecosystem services and resistance to invasion of planted forests	1450	SP-13	SP-13 Forest biodiversity, ecosystem services and human well-being – harnessing biodiversity for adaptation to global change	October 10, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 10
David	Hooper	United States	On beyond S: why other metrics of biodiversity can tell more about ecosystem services than species richness	1499	SP-13	SP-13 Forest biodiversity, ecosystem services and human well-being – harnessing biodiversity for adaptation to global change	October 10, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 10
Sandra	Luque	United Kingdom	Forest landscape heterogeneity and local plant species richness effects: A proxy for biodiversity monitoring	2648	SP-13	SP-13 Forest biodiversity, ecosystem services and human well-being – harnessing biodiversity for adaptation to global change	October 10, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 10
Ronnie	De Camino	Costa Rica	Effective territorial governance for the maintenance and restoration of ecosystem services: analysis of experiences	2221	SP-13	SP-13 Forest biodiversity, ecosystem services and human well-being – harnessing biodiversity for adaptation to global change	October 10, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 10
Gustaf	Egnell	Sweden	Feedstock production practices and challenges in Sweden	2477	SP-14	SP-14 Energy from trees: Technology, opportunities, and challenges	October 10, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 10
Nathaniel	Anderson	United States	Economics and logistics of forest biomass supply: Integrated supply chain research to reduce costs, increase value and quantify uncertainty	2214	SP-14	SP-14 Energy from trees: Technology, opportunities, and challenges	October 10, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 10
Robert	Bailis	United States	The Global Footprint of Traditional Woodfuels: a Spatially Explicit Assessment of Supply, Demand, and Sustainability	1884	SP-14	SP-14 Energy from trees: Technology, opportunities, and challenges	October 10, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 10
Peter	Edwards	Sweden	Social processes, challenges and opportunities for forest bioenergy harvesting	2603	SP-14	SP-14 Energy from trees: Technology, opportunities, and challenges	October 10, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 10
Deborah	Page-Dumroese	United States	Environmental Impacts and Site Sustainability of Biomass-for-Bioenergy Harvest Operations	221	SP-14	SP-14 Energy from trees: Technology, opportunities, and challenges	October 10, 13:30-15:00	Sub-plenary	5	Sub-plenary session: Oct 10
Hans R.	Heinimann	Switzerland	Life-cycle assessment LCA of biomass fuels - state and perspectives	3230	SP-14	SP-14 Energy from trees: Technology, opportunities, and challenges	October 10, 13:30-15:00	Sub-plenary	6	Sub-plenary session: Oct 10
Hans (Juergen)	Gregersen (Blaser)	United States	Global forest challenges over the past quarter century	1960	SP-15	SP-15 Historical responses of research to global forestry issues	October 10, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 10
Jeffery	Burley	United Kingdom	Research responses to major forestry and forest products challenges over the past quarter century	3905	SP-15	SP-15 Historical responses of research to global forestry issues	October 10, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 10
Salleh	Mohd. Nor	Malaysia	Historical responses of research to global forestry challenges, 1991 – 1995; forestry research from a tropical perspective	3902	SP-15	SP-15 Historical responses of research to global forestry issues	October 10, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 10
Jeffery	Burley	United Kingdom	Historical responses of research to global forestry challenges, 1996 – 2000; into the third millennium	1969	SP-15	SP-15 Historical responses of research to global forestry issues	October 10, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 10
Risto	Seppälä	Finland	Historical responses of research to global forestry challenges, 2001 – 2005: contributions to international and national policy processes	3904	SP-15	SP-15 Historical responses of research to global forestry issues	October 10, 13:30-15:00	Sub-plenary	5	Sub-plenary session: Oct 10
Don Koo	Lee	Korea	Historical responses of research to global forestry challenges, 2006 – 2010; continuity and strengthening	3903	SP-15	SP-15 Historical responses of research to global forestry issues	October 10, 13:30-15:00	Sub-plenary	6	Sub-plenary session: Oct 10
Shirong	LIU	China	Forest and water relations under a changing environment: worldwide evidences at multiple spatial scales	743	SP-17	SP-17 Forests, water, and people	October 11, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 11
Ge	Sun	United States	From Forests to the Faucets: Water Supply Functions of Forests Under Global Change	1421	SP-17	SP-17 Forests, water, and people	October 11, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 11
Leon	Bren	Australia	Forest watershed management policies and practices meeting increasing multiple needs in a changing world	827	SP-17	SP-17 Forests, water, and people	October 11, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 11
Alain	Roques	France	Forest Insect Invasion Pathways in Europe	821	SP-18	SP-18 Stemming invasions of forest insects and pathogens: Research supporting pathway risk management and phytosanitary policy	October 11, 13:30-15:00	Sub-plenary	1	Sub-plenary session: Oct 11

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Alberto	Santini	Italy	Global Forest Pathogen Invasion Pathways	763	SP-18	SP-18 Stemming invasions of forest insects and pathogens: Research supporting pathway risk management and phytosanitary policy	October 11, 13:30-15:00	Sub-plenary	2	Sub-plenary session: Oct 11
Jianghua	Sun	China	Pathways of major invasive forest pests in China and issues with international collaboration	1119	SP-18	SP-18 Stemming invasions of forest insects and pathogens: Research supporting pathway risk management and phytosanitary policy	October 11, 13:30-15:00	Sub-plenary	3	Sub-plenary session: Oct 11
Brian	Leung	Canada	Pathway level analysis of trade policy for reducing invasive species risk	1495	SP-18	SP-18 Stemming invasions of forest insects and pathogens: Research supporting pathway risk management and phytosanitary policy	October 11, 13:30-15:00	Sub-plenary	4	Sub-plenary session: Oct 11
Takahide	Kagawa	Japan	The spread of forest therapy in Japan.	852	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Oral Presentation	1	Forests for People
Jeonghee	Lee	Korea, Republic of	A Study on the Healing Effect of Korean Forestry	2481	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Oral Presentation	2	Forests for People
Eva-Maria	Nordstrom	Sweden	Forests for wood production and human wellbeing – what are the trade-offs in long-term forest management planning?	2752	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Oral Presentation	3	Forests for People
Ulrika K.	Stigsdotter	Sweden	The Nature, Health & Design Lab – research on nature qualities	2788	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Oral Presentation	4	Forests for People
Liisa	Tyrväinen	Finland	The Influence of Urban Nature Environments on Stress Relief — a Field Experiment	3862	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Oral Presentation	5	Forests for People
bing	ye	China	Long-term Monitoring of health effects of urban forests in Hangzhou, China	3685	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Oral Presentation	6	Forests for People
Daniela	Biondi	Brazil	The perception of internet users regarding to human health benefits provided by urban green areas	2083	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Poster: associated with session ( <i>within session</i> )	1	Forests for People
Ellyn Kathalina	Damayanti	Indonesia	Sovereignty of Indonesian Biodiversity Conservation and Health through Development of “Kampung Konservasi”	1643	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Poster: associated with session ( <i>within session</i> )	2	Forests for People
Mari	Kawase	Japan	A study of Japanese attitudes toward coniferous forests and pollen allergy	2426	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Poster: associated with session ( <i>within session</i> )	3	Forests for People
Jeonghee	Lee	Korea, Republic of	Green spaces at the work place and allergic sensitization of office workers in the city and forest	2465	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Poster: associated with session ( <i>within session</i> )	4	Forests for People
Katharina	Meyer	Germany	Analyzing the willingness for cooperation between forest and health experts in improving people’s health in Germany	1689	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Poster: associated with session ( <i>within session</i> )	5	Forests for People
Mika	Rekola	Finland	A cost-benefit framework for urban green areas in the case of intensifying urban development	3261	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Poster: associated with session ( <i>within session</i> )	6	Forests for People
Iwao	UEHARA	Japan	The effects of forest therapy utilizing regional abandoned forests in Japan	466	A-02	169 Forests and human health: The role of research towards evidence-based practice	October 6, 15:30-18:00	Poster: associated with session ( <i>within session</i> )	7	Forests for People
Akemi	Tamaki (Itaya)	Japan	Long-term landform transformations in a suburban forest using aerial photographs and DEMs generated from historical topographic maps	1579	A-04	88 Resilience and Identity with urban forests: A landscape system approach	October 6, 15:30-18:00	Oral Presentation	1	Forests for People
Muhittin	İnan	Turkey	Determination and Estimation of Temporal Changes in Land Cover in Northern Forest of Istanbul, Turkey	2604	A-04	88 Resilience and Identity with urban forests: A landscape system approach	October 6, 15:30-18:00	Oral Presentation	2	Forests for People
Mingzhu	Wang	Australia	Improving urban forest management using remote sensing technologies along major transport corridors in Sydney, Australia	1682	A-04	88 Resilience and Identity with urban forests: A landscape system approach	October 6, 15:30-18:00	Oral Presentation	3	Forests for People
Shawn	Hu	Korea, Republic of	Water Management For Urban Forestry: A Case Study On Urban Parks In Seoul	718	A-04	88 Resilience and Identity with urban forests: A landscape system approach	October 6, 15:30-18:00	Oral Presentation	4	Forests for People
Nisa	Leksungnoen	Thailand	The effect of mega-flood disaster on tree species diversity in Bangkok metropolis and suburban, Thailand	603	A-04	88 Resilience and Identity with urban forests: A landscape system approach	October 6, 15:30-18:00	Oral Presentation	5	Forests for People
Robert	Loeb	United States	Old Growth Urban Forests: Synthetic Research Methodology and Historical Continuity Management	2308	A-04	88 Resilience and Identity with urban forests: A landscape system approach	October 6, 15:30-18:00	Oral Presentation	6	Forests for People

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Yadong	Qi	United States	Greenspace Infrastructure and Public Perception of Representative Country Parks in Beijing, China	3509	A-04	88 Resilience and Identity with urban forests: A landscape system approach	October 6, 15:30-18:00	Oral Presentation	7	Forests for People
Giovanni	Sanesi	Italy	Perceived restorativeness of different urban green typologies of two cities in Italy	1033	A-04	88 Resilience and Identity with urban forests: A landscape system approach	October 6, 15:30-18:00	Oral Presentation	8	Forests for People
Silvia Méri	Carvalho	Brazil	Spatial distribution of green spaces in the urban area of Ponta Grossa (Paraná-Brazil)	3584	A-04	88 Resilience and Identity with urban forests: A landscape system approach	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	1	Forests for People
Michael	Kuhns	United States	Urban Forestry Changes in the Western U.S.	461	A-04	88 Resilience and Identity with urban forests: A landscape system approach	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	2	Forests for People
Emmanuel	Opuni Frimpong	Ghana	EFFECTS OF URBANIZATION OF GHANA ON URBAN FORESTS AND PERI-URBAN COMMUNITY LIVLIHOODS	3523	A-04	88 Resilience and Identity with urban forests: A landscape system approach	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	3	Forests for People
Asmamaw Alemu	Abteu	Germany	Contribution of gum and resin commercialization to rural livelihood in the drylands of Ethiopia and Sudan	1719	A-06	252 Forest-dependent community development	October 6, 15:30-18:00	Oral Presentation	1	Forests for People
Rodrigue Castro	GBEDOMON	Benin	Conservation by people for people: Impacts of community-NGO partnership on forest conservation and livelihood of riparian people	1270	A-06	252 Forest-dependent community development	October 6, 15:30-18:00	Oral Presentation	2	Forests for People

Javier	Jimenez	Mexico	RESTORATION OF ENDEMIC DWARF PINE (Pinus culminicola) POPULATIONS IN NORTH MEXICO	1188	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-10	Forest Biodiversity and Ecosystem Services
shu tzong	lin	Taiwan	Study on Seeding regeneration potential of Taiwan Beech(Fagus hayatae) in Northeastern Taiwan	576	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-11	Forest Biodiversity and Ecosystem Services
Katia	Manzanares Ayala	Cuba	An example of an ecologically sustainably territory in Cuba	283	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-12	Forest Biodiversity and Ecosystem Services
Fabio	Meloni	Italy	Assessing the outcomes of ecological restoration by afforestation along a new high-speed railway in north-western Italy	2547	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-13	Forest Biodiversity and Ecosystem Services
Renzo	Motta	Italy	Restoring old-growth features to managed forests in the eastern Italian Alps	2561	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-14	Forest Biodiversity and Ecosystem Services
BUDI HADI	NARENDRA	Indonesia	Effect of Soil Condition Improvement on Calliandra calothyrsus and Antidesma bunius Growth in Batur Mountain Conservation Area, Bali (Indonesia)	1122	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-15	Forest Biodiversity and Ecosystem Services
BUDI HADI	NARENDRA	Indonesia	Selection of appropriate legume cover crop in reforestation of former tin mining overburden in Bangka Island, Indonesia	1825	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-16	Forest Biodiversity and Ecosystem Services
Yukihito	Ochiai	Japan	Trial of one year containerized seedlings for recovering tide-water control forest destroyed by Tsunami	1372	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-17	Forest Biodiversity and Ecosystem Services
Liz	Ota	Brazil	Management determination by silvicultural groups in restoration plantings in the Brazilian Atlantic Forest	3683	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-18	Forest Biodiversity and Ecosystem Services
Yeong Dae	Park	Korea, Republic of	Future Strategies for Restoration of Ridge-mountains at Baekdu Daegan in the Republic of Korea	1577	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-19	Forest Biodiversity and Ecosystem Services
Nathaly	Rodríguez Santos	Colombia	Management of natural regeneration of Spanish elm (Cordia alliodora R. & P.) for the purpose of forest restoration of dry forests of Colombia	336	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-20	Forest Biodiversity and Ecosystem Services
Mike	Saunders	United States	The Fire Ecology of American Chestnut Regeneration: Implications for Restoration	2936	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-21	Forest Biodiversity and Ecosystem Services
Bandumala	Suduhakuruge	Sri Lanka	Identification of degradation levels of dry evergreen forests for restoration in Sri Lanka.	598	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-22	Forest Biodiversity and Ecosystem Services
Tea	Tullus	Estonia	The recovery of forest understorey in new forests on former agricultural lands – planted versus naturally regenerated stands	1533	B-07	210 Silvicultural practices to facilitate forest restoration	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	GP-23	Forest Biodiversity and Ecosystem Services
Douglas	Godbold	Austria	Tree species identity influences the accumulation of recalcitrant deep soil carbon	2736	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Oral Presentation	01	Forest Biodiversity and Ecosystem Services
Dali	Guo	China	Revaluating the role of roots and mycorrhizal hyphae in belowground C and nutrient cycling in forests	2811	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Oral Presentation	02	Forest Biodiversity and Ecosystem Services
Yingchun	Liao	China	Relation of fine roots vertical distribution to soil carbon in Cunninghamia lanceolata forest in subtropical China	1976	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Oral Presentation	03	Forest Biodiversity and Ecosystem Services
Jason	James	United States	The Quantity and Storage Mechanisms of Carbon in Deep Soil Horizons of the Pacific Northwest	1512	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Oral Presentation	04	Forest Biodiversity and Ecosystem Services
Jogeir N.	Stokland	Norway	The burial of aboveground woody debris - an important source of soil carbon	1888	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Oral Presentation	05	Forest Biodiversity and Ecosystem Services
Shalom Daniel	Addo-Danso	Canada	Methods for quantifying root dynamics for forest carbon studies-a review	1518	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P01	Forest Biodiversity and Ecosystem Services

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Julius	Adewopo	United States	Response of autotrophic and heterotrophic soil respiration to long-term management in tree-based and treeless grassland ecosystems.	2861	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P02	Forest Biodiversity and Ecosystem Services
Oluwabunmi	Akande	Canada	Soil Respiration across Different Scales and Successional Time Scales in Boreal Mixedwood Forests	3607	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P03	Forest Biodiversity and Ecosystem Services
Althea	ArchMiller	United States	Temporal and spatial variability of soil carbon flux in longleaf pine forests in the southeastern United States	405	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P04	Forest Biodiversity and Ecosystem Services
Antra	Boca	United States	Foliage and root contribution to SOC pools in Utah forest soils.	3397	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P05	Forest Biodiversity and Ecosystem Services
yuan	chai	China	The influence between morphological plasticity and Biomass Allocation on Two Provenances of Abies holophylla Seedlings under Different Nitrogen Fertilization Regimes	1830	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P06	Forest Biodiversity and Ecosystem Services
Ruimei	Cheng	China	Spatial distribution of root biomass of Pinus Massoniana plantation in Three Gorges Reservoir Area, China	1009	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P07	Forest Biodiversity and Ecosystem Services
SeungHyun	Han	Korea, Republic of	Estimating fine root biomass of Pinus densiflora using soil core sampling and minirhizotron techniques	1587	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P08	Forest Biodiversity and Ecosystem Services
Nicola	La Porta	Italy	454 Pyrosequencing analyses of mountain forest soils reveal a high fungal diversity and a rapid response to successional stages	3142	B-19a	104a Forests, roots and soil carbon	October 7, 08:00-10:30	Poster: associated with session (within session)	P09	Forest Biodiversity and Ecosystem Services
Valerie	Kapos	United Kingdom	Assessing potential biodiversity impacts of policies that address drivers of deforestation to achieve REDD+ objectives	2189	C-04	242 Addressing the drivers of deforestation: Exploring synergies between REDD+ and forest policy	October 7, 08:00-10:30	Oral Presentation	1	Forests and Climate Change
Leonida	Bugayong	Philippines	Potentials of REDD-plus in Conserving and Protecting the Remaining Philippine Forests	3503	C-04	242 Addressing the drivers of deforestation: Exploring synergies between REDD+ and forest policy	October 7, 08:00-10:30	Oral Presentation	2	Forests and Climate Change
Forrest	Fleischman	United States	Comparing the effectiveness of national level forest policies across Central America.	2931	C-04	242 Addressing the drivers of deforestation: Exploring synergies between REDD+ and forest policy	October 7, 08:00-10:30	Oral Presentation	3	Forests and Climate Change
Gustavo	Perez-Verdin	Mexico	Forest fragmentation in Mexico: An evaluation of the theory of collective action	546	C-04	242 Addressing the drivers of deforestation: Exploring synergies between REDD+ and forest policy	October 7, 08:00-10:30	Oral Presentation	4	Forests and Climate Change
Stephan A.	Pietsch	Austria	Carbon offsetting by small holder farmers in the Congo basin : economic and policy constraints	3403	C-04	242 Addressing the drivers of deforestation: Exploring synergies between REDD+ and forest policy	October 7, 08:00-10:30	Oral Presentation	5	Forests and Climate Change
Yitagesu Tekle	Tegegne	Finland	Evolution of drivers of deforestation and forest degradation in Central African forests: exploring possible policy options to address forest loss	2606	C-04	242 Addressing the drivers of deforestation: Exploring synergies between REDD+ and forest policy	October 7, 08:00-10:30	Oral Presentation	6	Forests and Climate Change
Johanna	Wehkamp	Germany	Institutional and policy drivers of deforestation in African REDD+ countries	1939	C-04	242 Addressing the drivers of deforestation: Exploring synergies between REDD+ and forest policy	October 7, 08:00-10:30	Oral Presentation	7	Forests and Climate Change
Guillaume	ZEENDER	Colombia	Building consensus on REDD activities at a jurisdictional scale: case study in Huila, Colombia	428	C-04	242 Addressing the drivers of deforestation: Exploring synergies between REDD+ and forest policy	October 7, 08:00-10:30	Oral Presentation	8	Forests and Climate Change
Cristina	Aponte	Australia	Long-term effects of repeated prescribed fires on aboveground carbon stocks in a temperate eucalypt forest	1575	C-08	110 Managing forest for fire in a changing climate	October 7, 08:00-10:30	Oral Presentation	1	Forests and Climate Change
Paula	Fornwalt	United States	Mulching treatments alter understory vegetation in forested ecosystems of the western U.S.	2220	C-08	110 Managing forest for fire in a changing climate	October 7, 08:00-10:30	Oral Presentation	2	Forests and Climate Change
Matthew	Chick	Australia	The season, severity, and frequency of prescribed fire shaping the community dynamics of heathland shrub species	1567	C-08	110 Managing forest for fire in a changing climate	October 7, 08:00-10:30	Oral Presentation	3	Forests and Climate Change
Sergiy	Zibtsev	Ukraine	Innovative Techniques to Suppress Wildfires in the Black Sea Region	1926	C-08	110 Managing forest for fire in a changing climate	October 7, 08:00-10:30	Oral Presentation	4	Forests and Climate Change

Bilasse	Zongo	Burkina Faso	Forestry reserves and the regulation of water quality and algae structure of ponds in a sub-saharan region of Africa	148	D-05b	256b Managing forests and forest uses to protect and provide clean water	October 7, 15:30-18:00	Oral Presentation	4	Forest and Water Interactions
Johanna	Lundström	Sweden	Long-term forest planning taking stream water quality into consideration	1820	D-05b	256b Managing forests and forest uses to protect and provide clean water	October 7, 15:30-18:00	Oral Presentation	5	Forest and Water Interactions
Regan	Suzuki (Pairojmahakij)	Thailand	Forests and water: Contemporary science and its relevance for community forestry in the Asia-Pacific region	1752	D-05b	256b Managing forests and forest uses to protect and provide clean water	October 7, 15:30-18:00	Oral Presentation	6	Forest and Water Interactions

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Anneli	Agren	Sweden	Towards optimized buffer zones - digital terrain indices as a tool for predicting the most sensitive areas	1736	D-05b	256b Managing forests and forest uses to protect and provide clean water	October 7, 15:30-18:00	Poster: associated with session (within session)	1	Forest and Water Interactions
Barry	White	Canada	Enabling environmental excellence in Alberta through LiDAR derived wet areas mapping	3103	D-05b	256b Managing forests and forest uses to protect and provide clean water	October 7, 15:30-18:00	Poster: associated with session (within session)	2	Forest and Water Interactions
Ana Paula	Dalla Corte	Brazil	Environmental Fragility of the Iguaçu River Watershed, Paraná, Brazil	1047	D-05b	256b Managing forests and forest uses to protect and provide clean water	October 7, 15:30-18:00	Poster: associated with session (within session)	3	Forest and Water Interactions
Rosemeri	Moro	Brazil	RIPARIAN FORESTS IN PITANGUI RIVER: A HIGH HETEROGENEOUS LANDSCAPE AT SOUTH BRAZIL	3620	D-05b	256b Managing forests and forest uses to protect and provide clean water	October 7, 15:30-18:00	Poster: associated with session (within session)	4	Forest and Water Interactions
BUDI HADI	NARENDRA	Indonesia	Restoring the eco-hydrological function of the forest on a small karst island: case study on Nusa Penida Island, Bali (Indonesia)	979	D-05b	256b Managing forests and forest uses to protect and provide clean water	October 7, 15:30-18:00	Poster: associated with session (within session)	5	Forest and Water Interactions
Heidi	Asbjornsen	United States	Ecohydrological impacts of feedstock production for bioenergy across the Americas: a multidisciplinary study to assess long-term sustainability	1391	E-01b	50b Sustainable biomass for energy and industrial raw materials	October 7, 15:30-18:00	Oral Presentation	1	Forest Biomass and Bioenergy
Virginia	Dale	United States	Opportunities to Design Sustainable Bioenergy Systems	3504	E-01b	50b Sustainable biomass for energy and industrial raw materials	October 7, 15:30-18:00	Oral Presentation	2	Forest Biomass and Bioenergy
Ioannis	Dimitriou	Sweden	Impact of commercial poplar and willow Short Rotation Forestry stands on water, soil and phytodiversity	1997	E-01b	50b Sustainable biomass for energy and industrial raw materials	October 7, 15:30-18:00	Oral Presentation	3	Forest Biomass and Bioenergy
Syam	Viswanath	India	Harnessing Green energy from Green gold: Case study from Peninsular India	866	E-01b	50b Sustainable biomass for energy and industrial raw materials	October 7, 15:30-18:00	Oral Presentation	4	Forest Biomass and Bioenergy
Klaus	Katzensteiner	Austria	How much is too much?	2751	E-01b	50b Sustainable biomass for energy and industrial raw materials	October 7, 15:30-18:00	Oral Presentation	5	Forest Biomass and Bioenergy
Sanjeev	Chauhan	India	Biomass partitioning and fuel characterization of short rotation tree species	1134	E-01b	50b Sustainable biomass for energy and industrial raw materials	October 7, 15:30-18:00	Oral Presentation	6	Forest Biomass and Bioenergy
Yann	Nouvellon	France	Carbon, water and nutrient balances of an Eucalyptus grandis plantation in Brazil over a 5 yrs period	3242	E-01b	50b Sustainable biomass for energy and industrial raw materials	October 7, 15:30-18:00	Oral Presentation	7	Forest Biomass and Bioenergy
Wai Wai	Than	Myanmar (Burma)	Evaluation on Invasive Species Characteristics and Visions of Rural people to Introduced Species Prosopis juliflora (SW.) DC. in Dry Zone of Myanmar	364	E-01b	50b Sustainable biomass for energy and industrial raw materials	October 7, 15:30-18:00	Oral Presentation	8	Forest Biomass and Bioenergy
ANTONIO	BERNABE-ANTONIO	Mexico	Oil content and fatty acid profile of Calophyllum brasiliense Cambes: A new resource for biodiesel feedstock in Mexico.	791	E-08b	106b Biobased products and bioenergy.	October 7, 15:30-18:00	Oral Presentation	2-1	Forest Biomass and Bioenergy
Tommy	Mörling	Sweden	Determination and quantification of fatty and resin acid composition in boreal lodgepole pine and Scots pine for biorefinery applications	3336	E-08b	106b Biobased products and bioenergy.	October 7, 15:30-18:00	Oral Presentation	2-2	Forest Biomass and Bioenergy
Hasan	Jameel	United States	Two-stage Autohydrolysis Pretreatment Combined with Refining for Improved Enzymatic Hydrolysis of Hardwood	1255	E-08b	106b Biobased products and bioenergy.	October 7, 15:30-18:00	Oral Presentation	2-3	Forest Biomass and Bioenergy
Zhiqiang	Li	China	Effect of Chemical Pretreatments on Bamboo for Bioethanol Production	915	E-08b	106b Biobased products and bioenergy.	October 7, 15:30-18:00	Oral Presentation	2-4	Forest Biomass and Bioenergy
Dominique	Lachenal	France	Extraction of hemicelluloses from Eucalyptus globulus woodchips for their valorisation into surface-active agents	1151	E-08b	106b Biobased products and bioenergy.	October 7, 15:30-18:00	Oral Presentation	2-5	Forest Biomass and Bioenergy
Annariikka	Roselli	Finland	Progress in dissolving pulp manufacture	1007	E-08b	106b Biobased products and bioenergy.	October 7, 15:30-18:00	Oral Presentation	2-6	Forest Biomass and Bioenergy
Hou-min	Chang	United States	Phenolation of Kraft Lignin catalyzed by Boron Trifluoride	1253	E-08b	106b Biobased products and bioenergy.	October 7, 15:30-18:00	Oral Presentation	2-7	Forest Biomass and Bioenergy
Maija	Kymäläinen	Finland	Storage of torrefied wood – investigating the sorption properties and susceptibility to fungal degradation	526	E-08b	106b Biobased products and bioenergy.	October 7, 15:30-18:00	Oral Presentation	2-8	Forest Biomass and Bioenergy
Jochen	Breschan	Switzerland	Validation of timber volume maps derived from remote sensing data	3046	F-10	164 Precision land-use management - state and perspectives	October 7, 15:30-18:00	Oral Presentation	1	Forests and Forest Products for a Greener Future

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Marco	Contreras	United States	Optimizing the selection of individual tree in thinning treatments to reduce crown fire potential	3178	F-10	164 Precision land-use management - state and perspectives	October 7, 15:30-18:00	Oral Presentation	2	Forests and Forest Products for a Greener Future
Lindsay	Grayson	United States	Development and Validation of a Physically Based Forest Operations Model	3734	F-10	164 Precision land-use management - state and perspectives	October 7, 15:30-18:00	Oral Presentation	3	Forests and Forest Products for a Greener Future
Andreas	Hill	Switzerland	Design of efficient Harvesting Units using Remote Sensing Information and Field Data	2812	F-10	164 Precision land-use management - state and perspectives	October 7, 15:30-18:00	Oral Presentation	4	Forests and Forest Products for a Greener Future
RYOHEI	MORIMOTO	Japan	Evaluating the best locations in coniferous plantations for the natural regeneration of broadleaved forest	1106	F-10	164 Precision land-use management - state and perspectives	October 7, 15:30-18:00	Oral Presentation	5	Forests and Forest Products for a Greener Future
Gaetan	Pelletier	Canada	Key initiatives to enable sustainable and profitable hardwood silviculture	3154	F-10	164 Precision land-use management - state and perspectives	October 7, 15:30-18:00	Oral Presentation	6	Forests and Forest Products for a Greener Future
decheng	zhang	China	A optimization model of masson pine multiple functional management in south China	2360	F-10	164 Precision land-use management - state and perspectives	October 7, 15:30-18:00	Oral Presentation	7	Forests and Forest Products for a Greener Future
Benjamin	Engler	Germany	Social and Economic Consequences of Eucalyptus Plantation Management	2242	F-10	164 Precision land-use management - state and perspectives	October 7, 15:30-18:00	Oral Presentation	8	Forests and Forest Products for a Greener Future
Thomas	Fox	United States	Contribution of planted forest to sustainable production of forest products and ecosystem services	2782	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	01	Forests and Forest Products for a Greener Future
Daniela	Kleinschmit	Sweden	Complexity of governance of planted forests	1669	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	02	Forests and Forest Products for a Greener Future
Peter	Clinton	New Zealand	Future expectations of Forest Soils	1602	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	03	Forests and Forest Products for a Greener Future
Mart-Jan	Schelhaas	Netherlands	future role of plantations in Europe	1208	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	04	Forests and Forest Products for a Greener Future
Daniel	Mendham	Australia	Integrating our understanding of water, nutrition and physiology to manage tropical Eucalyptus and Acacia plantations	2627	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	05	Forests and Forest Products for a Greener Future
Abdenhamid	Khalidi	Tunisia	Management and valorization of stone pine (Pinus pinea L.) stands in Tunisia: innovations for a better governance	941	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	06	Forests and Forest Products for a Greener Future
Yasushi	Mitsuda	Japan	Modeling potential site productivity for Japanese cedar for selecting suitable sites for managing planted forests	1659	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	07	Forests and Forest Products for a Greener Future
Margarida	Tomé	Portugal	Sustainability of the Portuguese eucalyptus forest under different scenarios of wood and biomass demand, forest management and climate scenarios	3487	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	08	Forests and Forest Products for a Greener Future
Tim	Payn	New Zealand	Using a criteria and indicators framework to explore future impacts of planted forests on New Zealand's economy, environment, and society	2243	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	09	Forests and Forest Products for a Greener Future
Santiago	Barros	Chile	Introduction of Eucalyptus species in Chile	219	F-13	55 Planted forests: meeting future global forest product needs sustainably	October 7, 15:30-18:00	Oral Presentation	10	Forests and Forest Products for a Greener Future
Andrzej	Bytnerowicz	United States	Ozone changes and impacts in North American forests	1308	G-02	14 Ozone and forest health	October 7, 15:30-18:00	Oral Presentation	1	Forest Health in a Changing World
Rainer	Matyssek	Germany	Can we predict tree response to ozone under climate change ? - current status and perspectives ....	421	G-02	14 Ozone and forest health	October 7, 15:30-18:00	Oral Presentation	2	Forest Health in a Changing World
Pavel	Cudlin	Czech Republic	Interactions of ozone and selected physiological characteristics of mountain spruce forest in Beskydy Mts., Czech Republic	3475	G-02	14 Ozone and forest health	October 7, 15:30-18:00	Oral Presentation	3	Forest Health in a Changing World
Alessandra	De Marco	Italy	Restoring modeling uncertainties in ozone-risk assessment for Mediterranean forests from comparison of modelled and measured phytotoxic ozone dose (POD) data	664	G-02	14 Ozone and forest health	October 7, 15:30-18:00	Oral Presentation	4	Forest Health in a Changing World
Zhaozhong	Feng	China	Leaf Mass per Area Elucidates Ozone Sensitivity of Woody Species	1127	G-02	14 Ozone and forest health	October 7, 15:30-18:00	Oral Presentation	5	Forest Health in a Changing World

Matteo	Garbarino	Italy	Effects of anthropogenic activities on forest landscape in the Khumbu valley, Nepal	2553	A-14	251 Integrating landscape protection, nature-based recreation and tourism, and rural development	October 9, 08:00-10:30	Oral Presentation	7	Forests for People
Victoria	Asensi Amoros	France	Vatican Coffins Project: The wood analysis of the third Intermediate Period Coffins (Egypt).	3838	A-19	5 Wood and forest culture: merging the past with the present	October 9, 08:00-10:30	Oral Presentation	1	Forests for People
NAYANG TOUKAM	Inocent	Cameroon	Forests for Bamiléké people: founding principles of the identical values and source of the community's economic development	686	A-19	5 Wood and forest culture: merging the past with the present	October 9, 08:00-10:30	Oral Presentation	2	Forests for People
Emmanuel	Appiah-Kubi	Ghana	Plantation Grown Tree species for Wood Carving in Ghana: Concerns of Traditional Wood Carvers	430	A-19	5 Wood and forest culture: merging the past with the present	October 9, 08:00-10:30	Oral Presentation	3	Forests for People
Abel	Olorunnisola	Nigeria	Emerging Patterns in the Utilisation of Wood and Plastic Products in Building Construction at Ibadan University Campus, Nigeria	1105	A-19	5 Wood and forest culture: merging the past with the present	October 9, 08:00-10:30	Oral Presentation	4	Forests for People
antonio	frattari	Italy	Traditional Wooden Architecture in the Alpine Regions	2442	A-19	5 Wood and forest culture: merging the past with the present	October 9, 08:00-10:30	Oral Presentation	5	Forests for People
Michael	Grabner	Austria	Utilization of different Austrian wood species in past times – Knowledge for the future	455	A-19	5 Wood and forest culture: merging the past with the present	October 9, 08:00-10:30	Oral Presentation	6	Forests for People
Mario	Tommasiello	Brazil	Protecting Amazon tropical forests for the future: Program São Paulo Friends of Amazonia	3392	A-19	5 Wood and forest culture: merging the past with the present	October 9, 08:00-10:30	Oral Presentation	7	Forests for People
Cui	Haixing	China	Study on the Forest Culture Construction of the Olympic Forest Park in China	2748	A-19	5 Wood and forest culture: merging the past with the present	October 9, 08:00-10:30	Oral Presentation	8	Forests for People
Pamela	Jagger	United States	How forest tenure mediates forest based rural livelihoods: Observations from a global study on forests and poverty	1043	A-26	91 Impact of tenure arrangements on forests, livelihoods and gender dynamics	October 9, 08:00-10:30	Oral Presentation	1	Forests for People
Han	van Dijk	Netherlands	Dryland forest tenure, political conflict and gender dynamics in the Sahelian zone	1029	A-26	91 Impact of tenure arrangements on forests, livelihoods and gender dynamics	October 9, 08:00-10:30	Oral Presentation	2	Forests for People
Michael Philippe	Bessike Balinga	Burkina Faso	Influence of tenure and gender on livelihood values and management of NTFPs in Burkina Faso	3354	A-26	91 Impact of tenure arrangements on forests, livelihoods and gender dynamics	October 9, 08:00-10:30	Oral Presentation	3	Forests for People
Purabi	Bose	India	Forest tenure, collective rights and gender dimensions in India, Uganda and Bolivia	2580	A-26	91 Impact of tenure arrangements on forests, livelihoods and gender dynamics	October 9, 08:00-10:30	Oral Presentation	4	Forests for People

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Anne	Larson	Peru	Challenges and Opportunities for Women's Participation in the Management of Communal Forests: Experience from Nicaragua's Indigenous Territories	1370	A-26	91 Impact of tenure arrangements on forests, livelihoods and gender dynamics	October 9, 08:00-10:30	Oral Presentation	5	Forests for People
Aida	Lapis	Philippines	Gender Participation in Mangrove Conservation and Rehabilitation: The Case of Four Philippine Mangrove Project Areas	2350	A-26	91 Impact of tenure arrangements on forests, livelihoods and gender dynamics	October 9, 08:00-10:30	Oral Presentation	6	Forests for People
Madhu	Ghimire	Nepal	Mainstreaming Gender into Forest Strategy of Nepal	1436	A-26	91 Impact of tenure arrangements on forests, livelihoods and gender dynamics	October 9, 08:00-10:30	Oral Presentation	7	Forests for People
Kanna	Siripurapu	United States	The Significance of Supporting Structures for Enhanced Participation of Women in Forest Management	812	A-26	91 Impact of tenure arrangements on forests, livelihoods and gender dynamics	October 9, 08:00-10:30	Oral Presentation	8	Forests for People
Zuzana	Sarvasova	Slovakia	Multifunctional governance of mountain forests in Europe	212	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Oral Presentation	1	Forest Biodiversity and Ecosystem Services
Adi	Gangga	Indonesia	The role of Lawu Montane Forests: Lithocarpus sundaicus (Bl.) Rehd. in Ecological and Economical Aspect for Local People	3070	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Oral Presentation	2	Forest Biodiversity and Ecosystem Services
Chunling	Dai	Germany	Stand structure and vegetation of the deciduous mixed oak forests in the montane zone of the Western Qinling Mountains, China	3116	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Oral Presentation	3	Forest Biodiversity and Ecosystem Services
Stampfer	Karl	Austria	State of the art and perspectives of European cable yarding technologies and systems	3187	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Oral Presentation	4	Forest Biodiversity and Ecosystem Services
Hideo	Sakai	Japan	Prospectives and challenges of cable logging in Japan	1791	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Oral Presentation	5	Forest Biodiversity and Ecosystem Services
Raffaele	Cavalli	Italy	Forest operation engineering and management for sustainable use of mountain forests	512	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Oral Presentation	6	Forest Biodiversity and Ecosystem Services
Tamalika	Chakraborty	Germany	Impact of anthropogenic disturbances on high value NTFPs in temperate moist oak forest: a case study from the Eastern Himalayas, India	3449	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Poster: associated with session (within session)	P-1	Forest Biodiversity and Ecosystem Services
Pil Sun	Park	Korea, Republic of	Seasonal changes in understory composition on Mt. Joongwang, Korea	1655	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Poster: associated with session (within session)	P-2	Forest Biodiversity and Ecosystem Services
Harald	Bugmann	Switzerland	Landscape patterns in mountain pasture-woodlands under changing environmental conditions	1059	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Poster: associated with session (within session)	P-3	Forest Biodiversity and Ecosystem Services
Frédéric	Gosselin	France	Tree species diversity and abundance as indicators of understory diversity and abundance in French mountain forests: Variations in ecological space	1992	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Poster: associated with session (within session)	P-4	Forest Biodiversity and Ecosystem Services
Dirk	Jaeger	Germany	Improved methods for timber extraction in South-West China	2779	B-12	122 Forest management in montane communities.	October 9, 08:00-10:30	Poster: associated with session (within session)	P-5	Forest Biodiversity and Ecosystem Services
Frédéric	Gosselin	France	Wood-inhabiting fungi diversity response to management abandonment: a spatio-temporal perspective	1982	B-18	142 Ecology and dynamics of dead wood dependent species at multiple trophic levels – Promoting natural pest control in managed forests or increasing	October 9, 08:00-10:30	Oral Presentation	1	Forest Biodiversity and Ecosystem Services
Ruaridh	Hägglund	Sweden	An early evaluation of restoring natural disturbances in boreal forest landscapes: Flat bugs (Aradus spp.) as indicators of success.	3030	B-18	142 Ecology and dynamics of dead wood dependent species at multiple trophic levels – Promoting natural pest control in managed forests or increasing	October 9, 08:00-10:30	Oral Presentation	2	Forest Biodiversity and Ecosystem Services
Seung-Il	Lee	Canada	Combining of aggregated and dispersed retention is effective for conserving deadwood-associated beetles on managed landscapes	2924	B-18	142 Ecology and dynamics of dead wood dependent species at multiple trophic levels – Promoting natural pest control in managed forests or increasing	October 9, 08:00-10:30	Oral Presentation	3	Forest Biodiversity and Ecosystem Services
Fabio	Lombardi	Italy	Effects of structural and deadwood attributes on the abundance of saproxylic beetles and microhabitats in a silver fir forest (Italy).	766	B-18	142 Ecology and dynamics of dead wood dependent species at multiple trophic levels – Promoting natural pest control in managed forests or increasing	October 9, 08:00-10:30	Oral Presentation	4	Forest Biodiversity and Ecosystem Services
Michael	Ulyshen	United States	Exploring the connection between arthropod-accelerated wood decay and forest productivity	1065	B-18	142 Ecology and dynamics of dead wood dependent species at multiple trophic levels – Promoting natural pest control in managed forests or increasing	October 9, 08:00-10:30	Oral Presentation	5	Forest Biodiversity and Ecosystem Services
parvathy	venugopal	Finland	Effect of climate change and wood properties on fungal decomposition: Comparison between Kelo (old growth) and managed boreal Scots pine	2590	B-18	142 Ecology and dynamics of dead wood dependent species at multiple trophic levels – Promoting natural pest control in managed forests or increasing	October 9, 08:00-10:30	Oral Presentation	6	Forest Biodiversity and Ecosystem Services
Timothy	Work	Canada	Colonization and extinction rates in deadwood substrates and their role in conservation and restoration	3375	B-18	142 Ecology and dynamics of dead wood dependent species at multiple trophic levels – Promoting natural pest control in managed forests or increasing	October 9, 08:00-10:30	Oral Presentation	7	Forest Biodiversity and Ecosystem Services

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Kirsten	Hecht-Kardasz	United States	Population structure and shelter characteristics of Hellbender salamanders in an eastern Tennessee stream	2409	B-17	13 Salamanders: World icons of aquatic biodiversity in forests	October 9, 15:30-18:00	Oral Presentation	4	Forest Biodiversity and Ecosystem Services
Jessica	Homyack	United States	Relationships of salamanders with downed wood in managed forests of the United States	1852	B-17	13 Salamanders: World icons of aquatic biodiversity in forests	October 9, 15:30-18:00	Oral Presentation	5	Forest Biodiversity and Ecosystem Services
Valorie	Titus	United States	The importance of forest habitat connectivity for species of Ambystomid salamanders, focusing on the eastern tiger salamander	630	B-17	13 Salamanders: World icons of aquatic biodiversity in forests	October 9, 15:30-18:00	Oral Presentation	6	Forest Biodiversity and Ecosystem Services
Werner	Kurz	Canada	Boreal at Risk: From Boreal Science to Public Policy	2355	C-06	83 Boreal at risk: Integrative science as a strong foundation for public policy development	October 9, 15:30-18:00	Oral Presentation	1	Forests and Climate Change
Craig D.	Allen	United States	Report from the Global Frontlines: Does Climate Change During this Century Imperil All Historic Forests Across Planet Earth?	3413	C-06	83 Boreal at risk: Integrative science as a strong foundation for public policy development	October 9, 15:30-18:00	Oral Presentation	2	Forests and Climate Change
Louis	De Grandpre	Canada	Ecosystem consequences of the northward expansion of the eastern spruce budworm	658	C-06	83 Boreal at risk: Integrative science as a strong foundation for public policy development	October 9, 15:30-18:00	Oral Presentation	3	Forests and Climate Change
Philip	Comeau	Canada	Can mixedwood management mitigate climate change impacts on spruce in western Canada's boreal forests?	1558	C-06	83 Boreal at risk: Integrative science as a strong foundation for public policy development	October 9, 15:30-18:00	Oral Presentation	4	Forests and Climate Change
Dylan	Parry	United States	Climate, Adaptation, and the Northward Range Expansion of Gypsy Moth	3589	C-06	83 Boreal at risk: Integrative science as a strong foundation for public policy development	October 9, 15:30-18:00	Oral Presentation	5	Forests and Climate Change
Kier	Klepzig	United States	Preventing damage from a southern pest in northern forests: The future of the southern pine beetle prevention program?	3867	C-06	83 Boreal at risk: Integrative science as a strong foundation for public policy development	October 9, 15:30-18:00	Oral Presentation	6	Forests and Climate Change
Tod	Ramsfield	Canada	Understanding the interactions between climate change, heart rot and carbon sequestration in Populus tremuloides in the boreal forest	1504	C-06	83 Boreal at risk: Integrative science as a strong foundation for public policy development	October 9, 15:30-18:00	Oral Presentation	7	Forests and Climate Change
André	Arsenault	Canada	How much dead wood is enough in Canadian forests? A review of the science and policy.	3279	C-06	83 Boreal at risk: Integrative science as a strong foundation for public policy development	October 9, 15:30-18:00	Oral Presentation	8	Forests and Climate Change
Pavel	Cudlin	Czech Republic	Can the shift of vegetation zones be thought of an efficient adaptation mechanism or just a wishful thinking?	3181	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	1	Forests and Climate Change
David	Roberts	Canada	Conservation and management of western North American trees in complex landscapes: considering glacial refugia, post-glacial migration, and the velocity of climate change	3294	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	2	Forests and Climate Change
Eko	Maiguo	Australia	Assessment of Vulnerability and Impacts of Climate Change on Tropical Forests in Papua New Guinea (PNG)	982	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	3	Forests and Climate Change
Aleksi	Lehtonen	Finland	Climate change shifts environmental space and limits transferability of treeline models	1672	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	4	Forests and Climate Change
Antonio D	Del Campo	Spain	Integrated approach for Aleppo pine assisted migration toward expected climate change in the Mediterranean basin (Spain)	2003	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	5	Forests and Climate Change
Nadezhda	Tchebakova	Russian Federation	Siberian potential forest types and fire load projected from IPCC climates in the 21st century	849	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	6	Forests and Climate Change
Bryan	Finegan	Costa Rica	Towards climate-smart forest landscape management in the neo-tropics: climate, soil and spatial effects on vegetation in three altitudinal gradients	3428	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	7	Forests and Climate Change
William	Hargrove	United States	Global Tree Range Shifts Under Forecasts from Two Alternative GCMs Using Two Future Scenarios	3849	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	8	Forests and Climate Change
Constance	Millar	United States	Contrasting Modes of Response to Historic and Contemporary	3841	C-10	232 Vegetation zone shifts in response to climate change	October 9, 15:30-18:00	Oral Presentation	9	Forests and Climate Change
David	Cleaves	United States	Climate Adaptation and Forest Management: the US Forest Service Perspective	2977	C-23a	107a Forest management for adaptation to climate change	October 9, 15:30-18:00	Oral Presentation	1-1	Forests and Climate Change
Carina	Keskitalo	Sweden	The role of forestry in national climate change adaptation policy: cases from Sweden, Germany, France and Italy	329	C-23a	107a Forest management for adaptation to climate change	October 9, 15:30-18:00	Oral Presentation	1-2	Forests and Climate Change

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Tongli	Wang	Canada	ClimateAP and its use in projecting the climate niche and productivity of forest trees in future climates in Asia Pacific	1290	C-23a	107a Forest management for adaptation to climate change	October 9, 15:30-18:00	Oral Presentation	1-3	Forests and Climate Change
Mark	Johnston	Canada	Climate Change Impacts and Adaptation in the Canadian Forest Sector	2200	C-23a	107a Forest management for adaptation to climate change	October 9, 15:30-18:00	Oral Presentation	1-4	Forests and Climate Change
Craig	Nitschke	Australia	Climate change impacts in the temperate forests of Southeast Australia: can forest management reduce vulnerabilities?	2607	C-23a	107a Forest management for adaptation to climate change	October 9, 15:30-18:00	Oral Presentation	1-5	Forests and Climate Change
Regan	Pairojmahakij	Thailand	Community Forestry as an Approach to Climate Change Adaptation	1751	C-23a	107a Forest management for adaptation to climate change	October 9, 15:30-18:00	Oral Presentation	1-6	Forests and Climate Change
Jean-Michel	Carnus	France	Adaptation of planted forests to climate change: from global to local approaches	1792	C-23a	107a Forest management for adaptation to climate change	October 9, 15:30-18:00	Oral Presentation	1-7	Forests and Climate Change
Godefridus M.J. (Frits)	Mohren	Netherlands	Multiple-use forest management strategies for mitigation and adaptation to climate change: the EU-FORMIT project	1035	C-25	222 Forest management options to tackle climate change	October 9, 15:30-18:00	Oral Presentation	1	Forests and Climate Change
Hubert	Hasenauer	Austria	Assessing forest productivity: Terrestrial forest inventory versus MODIS satellite driven estimates	1328	C-25	222 Forest management options to tackle climate change	October 9, 15:30-18:00	Oral Presentation	2	Forests and Climate Change
Michael	Koehl	Germany	Enhancing forest carbon mitigation potentials by forest management and timber utilization	1459	C-25	222 Forest management options to tackle climate change	October 9, 15:30-18:00	Oral Presentation	3	Forests and Climate Change
Bart	Muys	Belgium	Approaches to evaluate the carbon neutrality of the forest value chain	2789	C-25	222 Forest management options to tackle climate change	October 9, 15:30-18:00	Oral Presentation	4	Forests and Climate Change
Gert-Jan	Nabuurs	Netherlands	First signs of carbon sink saturation in European forest biomass: options for management	1214	C-25	222 Forest management options to tackle climate change	October 9, 15:30-18:00	Oral Presentation	5	Forests and Climate Change
Anatoly	Shvidenko	Austria	Future of Russian forests: a need of transformative adaptation?	2134	C-25	222 Forest management options to tackle climate change	October 9, 15:30-18:00	Oral Presentation	6	Forests and Climate Change
Ellen	Soldal	Norway	Combining forest models with LCA for optimization of the forest's GHG mitigation effect	1815	C-25	222 Forest management options to tackle climate change	October 9, 15:30-18:00	Oral Presentation	7	Forests and Climate Change
Jean-Luc	PEYRON	France	Synergies and trade-offs between forest adaptation and mitigation	3535	C-25	222 Forest management options to tackle climate change	October 9, 15:30-18:00	Oral Presentation	8	Forests and Climate Change
Harald	Bugmann	Switzerland	Defense allocation patterns are important to the drought-mortality risk of a semi-arid conifer	3381	D-02b	80b Conceptual frames and research strategies for integrated studies of adaptation to drought	October 9, 15:30-18:00	Oral Presentation	2-1	Forest and Water Interactions
Jean-Paul	Laclau	France	Potassium and sodium supply effects on the adjustments to water deficit of Eucalyptus grandis trees: insights from a throughfall exclusion experiment in Brazil	379	D-02b	80b Conceptual frames and research strategies for integrated studies of adaptation to drought	October 9, 15:30-18:00	Oral Presentation	2-2	Forest and Water Interactions
Frederick	Meinzer	United States	Coordinated adjustments in xylem hydraulic safety, efficiency and capacitance across climatic gradients and axial gradients within trees	1236	D-02b	80b Conceptual frames and research strategies for integrated studies of adaptation to drought	October 9, 15:30-18:00	Oral Presentation	2-3	Forest and Water Interactions
David	Montwé	Germany	Identifying drought resistant lodgepole pine genotypes for a changing climate: growth and hydraulic response observed in genetic field trials	2120	D-02b	80b Conceptual frames and research strategies for integrated studies of adaptation to drought	October 9, 15:30-18:00	Oral Presentation	2-4	Forest and Water Interactions
Jeremiah	Pinto	United States	Seedling establishment limited by water availability: understanding spatial and temporal limitations to maximize outplanting success	3855	D-02b	80b Conceptual frames and research strategies for integrated studies of adaptation to drought	October 9, 15:30-18:00	Oral Presentation	2-5	Forest and Water Interactions
Francesco	Ripullone	Italy	DO LEAF ADAPTATIONS TO LOW WATER POTENTIAL INFLUENCE ISOHYDRIC OR ANISOHYDRIC RESPONSES IN A WIDELY DISTRIBUTED GENUS?	3034	D-02b	80b Conceptual frames and research strategies for integrated studies of adaptation to drought	October 9, 15:30-18:00	Oral Presentation	2-6	Forest and Water Interactions
Gregor	Sanders	Australia	Tolerance of Eucalyptus clones to hydric, thermal and biotic stress across sites, stockings and rain-exclusion regimes	2480	D-02b	80b Conceptual frames and research strategies for integrated studies of adaptation to drought	October 9, 15:30-18:00	Oral Presentation	2-7	Forest and Water Interactions
Jose	Stape	United States	Monitoring forest change analyzing change in resistant Z-score using Landsat data : case studies from Bangladesh and Montana	3621	D-02b	80b Conceptual frames and research strategies for integrated studies of adaptation to drought	October 9, 15:30-18:00	Oral Presentation	2-8	Forest and Water Interactions
Tanushree	Biswas	United States	Monitoring forest change analyzing change in resistant Z-score using Landsat data : case studies from Bangladesh and Montana	3773	D-09	255. Ecology and management of coastal forests and mangroves	October 9, 15:30-18:00	Oral Presentation	1	Forest and Water Interactions

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Seca	Gandaseca	Malaysia	Botanical Surveys in Awat-Awat Mangrove Forest, Sarawak, Malaysia	228	D-09	255. Ecology and management of coastal forests and mangroves	October 9, 15:30-18:00	Oral Presentation	2	Forest and Water Interactions
Nelson Manguiat	Pampolina	Philippines	Species and Functional Diversity of Mangrove Forest for Conservation Planning of Alibijaban Wilderness Island in San Andres Quezon, Philippines	2793	D-09	255. Ecology and management of coastal forests and mangroves	October 9, 15:30-18:00	Oral Presentation	3	Forest and Water Interactions
Md. Mizanur	Rahman	Bangladesh	Impact of Climate Change on the Nypa Palm of Sundarbans	252	D-09	255. Ecology and management of coastal forests and mangroves	October 9, 15:30-18:00	Oral Presentation	4	Forest and Water Interactions
Emmanuel	SUKA	Cameroon	Effects of Climate Change on Coastal Forest Ecosystems and Marine Environment of Cameroon	15	D-09	255. Ecology and management of coastal forests and mangroves	October 9, 15:30-18:00	Oral Presentation	5	Forest and Water Interactions
Thinn	Thinn	Japan	Local Mangrove Forest Management of Cyclone-Affected Areas in Myanmar	2614	D-09	255. Ecology and management of coastal forests and mangroves	October 9, 15:30-18:00	Oral Presentation	6	Forest and Water Interactions
Simon K.	Atherton	United Kingdom	Use and sources of domestic firewood in Wales, UK	2609	E-04b	137b Social and economic aspects of forest biomass for fuelwood and domestic heating applications	October 9, 15:30-18:00	Oral Presentation	2-1	Forest Biomass and Bioenergy
Jean	Morales	Costa Rica	Evaluation of forest biomass as substitute of firewood as an energy source in Costa Rican households	2345	E-04b	137b Social and economic aspects of forest biomass for fuelwood and domestic heating applications	October 9, 15:30-18:00	Oral Presentation	2-2	Forest Biomass and Bioenergy
Richard	Eba'a Atyi	Cameroon	Wood-energy in Cameroon: the overlooked contribution to the national economy	1631	E-04b	137b Social and economic aspects of forest biomass for fuelwood and domestic heating applications	October 9, 15:30-18:00	Oral Presentation	2-3	Forest Biomass and Bioenergy
Isaac	Nunoo	Ghana	Who Gets What: Analysis of Wood fuel Value Chain in Ghana	1955	E-04b	137b Social and economic aspects of forest biomass for fuelwood and domestic heating applications	October 9, 15:30-18:00	Oral Presentation	2-4	Forest Biomass and Bioenergy
Oluseyi	Olugbire	Nigeria	Profitability analysis of fuelwood marketing in Ibadan, Nigeria	901	E-04b	137b Social and economic aspects of forest biomass for fuelwood and domestic heating applications	October 9, 15:30-18:00	Oral Presentation	2-5	Forest Biomass and Bioenergy
Cecilia	Danks	United States	Decision Support for Sustainable, Community-Based, Wood Biomass Energy for Heating	3624	E-04b	137b Social and economic aspects of forest biomass for fuelwood and domestic heating applications	October 9, 15:30-18:00	Oral Presentation	2-6	Forest Biomass and Bioenergy
Maryam	Bakhshi	Iran	Greenhouse Gases Accounting for Producing and Utilization of Woody Biomass for Heat Energy Purpose	784	E-04b	137b Social and economic aspects of forest biomass for fuelwood and domestic heating applications	October 9, 15:30-18:00	Oral Presentation	2-7	Forest Biomass and Bioenergy
Andreas	Ottitsch	United Kingdom	Biomass energy supply chains in Europe – are we burning the house we live in?	3236	E-04b	137b Social and economic aspects of forest biomass for fuelwood and domestic heating applications	October 9, 15:30-18:00	Oral Presentation	2-8	Forest Biomass and Bioenergy
Erlend	Nybakk	Norway	Innovation in forest management for new forest owner types – a literature review.	3325	F-01	87 Innovation in the forest sector: maximizing the sector's competitiveness	October 9, 15:30-18:00	Oral Presentation	1	Forests and Forest Products for a Greener Future
Sonia	Quiroga	Spain	Analysing multi-product economic efficiency relative to forest ownership types in Spain: Implications for management and policy.	3702	F-01	87 Innovation in the forest sector: maximizing the sector's competitiveness	October 9, 15:30-18:00	Oral Presentation	2	Forests and Forest Products for a Greener Future
Liina	Häyrinen	Finland	Environmentally conscious forest landowners as forerunners for multiple uses of forests?	1691	F-01	87 Innovation in the forest sector: maximizing the sector's competitiveness	October 9, 15:30-18:00	Oral Presentation	3	Forests and Forest Products for a Greener Future
Henrik	Heräjärvi	Finland	Renewing Wood Product Value Chains and Timber Procurement Solutions	1814	F-01	87 Innovation in the forest sector: maximizing the sector's competitiveness	October 9, 15:30-18:00	Oral Presentation	4	Forests and Forest Products for a Greener Future
Maria Anna	Huka	Austria	Production planning at a sawmill – comparing optimization models with simple heuristics for the short term multi-period production problem	479	F-01	87 Innovation in the forest sector: maximizing the sector's competitiveness	October 9, 15:30-18:00	Oral Presentation	5	Forests and Forest Products for a Greener Future
Maria Fernanda	Laguarda Mallo	United States	"Awareness, Perceptions and Willingness to Adopt CLT in the United States"	2029	F-01	87 Innovation in the forest sector: maximizing the sector's competitiveness	October 9, 15:30-18:00	Oral Presentation	6	Forests and Forest Products for a Greener Future
Anders	Roos	Sweden	Innovation diffusion of biorefinery materials and chemicals	1486	F-01	87 Innovation in the forest sector: maximizing the sector's competitiveness	October 9, 15:30-18:00	Oral Presentation	7	Forests and Forest Products for a Greener Future
Tait	Bowers	United States	Factors influencing architects in specifying eco-labeled wood products in the U.S. residential construction industry.	3191	F-01	87 Innovation in the forest sector: maximizing the sector's competitiveness	October 9, 15:30-18:00	Oral Presentation	8	Forests and Forest Products for a Greener Future
Emmanuel	Appiah-Kubi	Ghana	Bamboo resources for greener future: Assessment of species characteristics for furniture manufacturing and green building in Ghana	622	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Oral Presentation	2-1	Forests and Forest Products for a Greener Future

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Aida	Lapis	Philippines	Harnessing Diversity of Rattans and Its Myriads of Benefits for Green Economy and Environment	2363	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Oral Presentation	2-2	Forests and Forest Products for a Greener Future
Li	Zhiyong	China	Effectiveness Assessment of Forest Tenure Reform on the Resource Cultivation and Institutional Innovation on Livelihood Development in Bamboo Areas: case studies in China and India	3055	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Oral Presentation	2-3	Forests and Forest Products for a Greener Future
Min-Jie	Chung	Taiwan	Profiling of Aroma Compounds Released from Four Major Bamboo Shoots of High Economic Value in Taiwan	597	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Poster: associated with session (within session)	1	Forests and Forest Products for a Greener Future
Min-Jie	Chung	Taiwan	Profiling of Aroma Compounds Released from Four Major Bamboo Shoots of High Economic Value in Taiwan	855	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Poster: associated with session (within session)	2	Forests and Forest Products for a Greener Future
Chia-Ju	Lee	Taiwan	Study on Novel Dyeing Methods for Green-color Preservation of Three Bamboo Culms and Their Colorfastness	599	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Poster: associated with session (within session)	3	Forests and Forest Products for a Greener Future
Zhiqiang	Li	China	Comparative anatomy of developmental moso bamboo culms	1633	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Poster: associated with session (within session)	4	Forests and Forest Products for a Greener Future
Adalberto	Novaes	Brazil	Surveillance of bamboos species in an experimental plantation in Southern Brazil	3119	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Poster: associated with session (within session)	5	Forests and Forest Products for a Greener Future
Adalberto	Novaes	Brazil	Vegetative propagation of two bamboo species in Southern Brazil	3155	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Poster: associated with session (within session)	6	Forests and Forest Products for a Greener Future
Shuping	Tu	China	Study on the Soil Nutrients Limiting Factors in Bambusa rigida Forest Land	2330	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Poster: associated with session (within session)	7	Forests and Forest Products for a Greener Future
Edward D.	Wiafe	Ghana	HARVESTING AND COPPICE MANAGEMENT OF BETA VULGARIS (BAMBOO) IN PROTECTED AND UNPROTECTED AREAS	278	F-09b	98b Sustaining bamboo and rattan resources	October 9, 15:30-18:00	Poster: associated with session (within session)	8	Forests and Forest Products for a Greener Future
Alexis	Achim	Canada	Lumber value from selection cuttings in uneven-aged northern hardwood forests	3464	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	October 9, 15:30-18:00	Oral Presentation	1	Forests and Forest Products for a Greener Future
Jamie	Barbour	United States	Balancing Landowner Objectives, Society's Desire for Ecological Sustainability, and Wood Quality in the United States	2396	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	October 9, 15:30-18:00	Oral Presentation	2	Forests and Forest Products for a Greener Future
Cosmin	Filipescu	Canada	Value recovery in intensively managed second-growth forests: is all volume created equal?	1264	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	October 9, 15:30-18:00	Oral Presentation	3	Forests and Forest Products for a Greener Future
Bharat	Gotame	Nepal	Profitability of uneven-aged forest harvesting practices: Learning from Central India	958	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	October 9, 15:30-18:00	Oral Presentation	4	Forests and Forest Products for a Greener Future
Paul	McLean	United Kingdom	The economics of product quantity vs product quality in Great Britain's forest resource	2670	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	October 9, 15:30-18:00	Oral Presentation	5	Forests and Forest Products for a Greener Future
Udo H.	Sauter	Germany	Douglas fir roundwood quality – Impact of growth space on juvenile development, wood density and branch development for future timber quality	2038	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	October 9, 15:30-18:00	Oral Presentation	6	Forests and Forest Products for a Greener Future
Pekka	Saranpää	Finland	Wood Quality of Uneven-Aged Norway Spruce Sawn Goods: a Case Study in Southern Finland	1849	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	October 9, 15:30-18:00	Oral Presentation	7	Forests and Forest Products for a Greener Future
Marius	Aleinikovas	Lithuania	INFLUENCE OF ROT ON LIVING TREES NORWAY SPRUCE (PICEA ABIES (L.) KARST.) WOOD DENSITY AND STRENGTH PROPERTIES	1794	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	TBD: October 7 or October 10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	1	Forests and Forest Products for a Greener Future
Julia Carolina	Athanázio-Heliodoro	Brazil	Properties of guapuruvu wood (Schizolobium parahyba (Vell.) Blake) from forest recovery areas in Brazil	3408	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	TBD: October 7 or October 10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	2	Forests and Forest Products for a Greener Future
David	Auty	Canada	Modelling the effects of partial harvesting on lumber product assortment and value: a case study in the eastern Canadian boreal forest	3300	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	TBD: October 7 or October 10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	3	Forests and Forest Products for a Greener Future
Don	Bragg	United States	Specific gravity-driven southern pine silviculture: an opportunity to improve ecosystem services and multifunctional forests	940	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	TBD: October 7 or October 10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	4	Forests and Forest Products for a Greener Future
Marine	Elbakidze	Sweden	Sustained Yield Forestry in Sweden and Russia: How Does it Correspond to Sustainable Forest Management Policy?	2048	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	TBD: October 7 or October 10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	5	Forests and Forest Products for a Greener Future

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Andrew	Nelson	United States	Long-term Response of Natural-Origin Even-Aged Southern Pine to Early Competition Control and Density Management in Arkansas, U.S.A.	3107	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	6	Forests and Forest Products for a Greener Future
Shuirong	Wu	China	Integrated Ecological and Socioeconomic Evaluation of Valwood Agroforestry in Germany and China and its Comparative Analysis	3559	F-12	41 Intensive or ecosystem-based forest management – impact on yield, wood quality and economic return?	TBD: October 7 or October10, 12:00-13:30	Poster: associated with session (guided tour in general poster session)	7	Forests and Forest Products for a Greener Future
Rocio	Alonso	Spain	Atmospheric nitrogen deposition and critical loads for Holm oak forests in Spain	2044	G-03	85 Critical loads for nutritional nitrogen deposition: Progress and problems	October 9, 15:30-18:00	Oral Presentation	1	Forest Health in a Changing World
Tamara	Blett	United States	Using nitrogen critical loads to develop research priorities, ecosystem condition assessments, and restoration strategies for U.S. National Park Service lands	372	G-03	85 Critical loads for nutritional nitrogen deposition: Progress and problems	October 9, 15:30-18:00	Oral Presentation	2	Forest Health in a Changing World
Mark	Fenn	United States	Nitrogen Flux Measurements: Toward Ecosystem Effects and Critical Load Development	3451	G-03	85 Critical loads for nutritional nitrogen deposition: Progress and problems	October 9, 15:30-18:00	Oral Presentation	3	Forest Health in a Changing World

Daniel	Soto	United States	Effects of artificial pruning on growth in young plantations of Nothofagus in South-central Chile	3143	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Teresa	Fonseca	Portugal	Natural Regeneration in Mediterranean pines forests: a conceptual approach under climate change	3198	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Stephani	Michelsen-Correa	United States	Fate of applied 15N fertilizer in a Douglas-fir Plantation	3305	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
jose	hernandez	Chile	Effect of nitrogen fertilization on morphological parameters Balsamorhiza hirsuta, Oxalis gigantea and Balbisia peduncularis: xerophytic species of semideserts in arid zones of Chile	3402	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Timothy	Albaugh	United States	Examining native and exotic Pinus taeda plantation spacing, resource availability and varietal effects using crown ideotypes	3484	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Ranieri	Ribeiro Paula	Brazil	Variation throughout the year of N2-fixation of Acacia mangium in pure stand or in association with Eucalyptus grandis	3570	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Aaron	Rhodes	United States	Characterizing Aspen Regeneration by Presence of Ungulates, Topography, and Tree Species Composition	3579	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Hathai	Sangsupan	United States	Environmental Limitations to Natural Regeneration in a Restored Seasonally Dry Tropical Forest	3601	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Nichola	Gilbert	Canada	Enhancing mine and energy crop soils to promote willow and poplar growth using ash and biosolids: a greenhouse trial	3750	General Poster Session	Division 1 – Silviculture	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Ichiro	TAMAKI	Japan	Genetic admixing of two evergreen oaks, Quercus acuta and Q. sessilifolia (subgenus Cyclobalanopsis), is the result of frequent interspecific hybridization	1430	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Zohra	Bennadji	Uruguay	Multipurpose trees as tools for ecosystem services deployment: a case study in Uruguay	1714	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Rui	Zhang	China	Genetic diversity and differentiation within three species of the family Lauraceae in southeast China	68	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Rui	Zhang	China	Genetic diversity of natural populations of endangered Ormosia hosiei, endemic to China	70	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Harish	Ginwal	India	Genetic diversity and population structure of Himalayan Cedar (Cedrus deodara) in Western Himalayas determined with cpSSR markers	651	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Renata	Silva Mann	Brazil	Conservation monitoring of Erythrina velutina in riparian forest area	1092	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Manabu	Kurita	Japan	Male sterilization of <i>Cryptomeria japonica</i> by the barnase/barstar system.	1568	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Byungoh	Yoo	Korea, Republic of	Genetic Diversity and Relation of Zoysiagrasses( <i>Zoysia</i> spp.) Native to South Korea	1596	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Vivi	Yuskianti	Indonesia	The effect of plus tree selection to the genetic diversity of two <i>Acacia mangium</i> seedling seed orchards in Indonesia	1683	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Anita	Rawat	India	An association mapping approach using ISSRs and AFLPs to identify molecular markers for resin yield in <i>Pinus roxburghii</i> Sarg.	1733	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Jolanda	Roux	South Africa	Identification of <i>Ganoderma</i> species associated with <i>Acacia cyclops</i> mortality in the Western Cape region of South Africa	1755	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Ulfah J.	Siregar	Indonesia	Genetic diversity and evolutionary relationship of <i>Dyera costulata</i> and <i>Dyera lowii</i> in Jambi, Indonesia based on AFLP markers	2073	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Alexandru Lucian	Curtu	Romania	Genetic characterization of marginal pedunculate oak populations adapted to xeric conditions: implications for conservation and sustainable management	2240	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Quadri	Onilude	Nigeria	Morphological Assessment of <i>Parkia biglobosa</i> Accessions from different Agro ecological zones in Nigeria.	2354	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Heino	Konrad	Austria	Nuclear population structure of the Austrian <i>Picea abies</i> population	2490	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Anita	Rawat	India	Genetic evaluation of <i>Pinus roxburghii</i> genotypes varying in resin yield using microsatellite markers	2849	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Miladys	Delgado	Cuba	Management of Cedar ( <i>Cedrela odorata</i> L.) by means of in vitro propagation techniques	2900	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Silvio	Schueler	Austria	Annual climate variation shapes adaptive seedling characters - A contribution to the adaptation of trees to future climates?	3033	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Chai Ting	Lee	Malaysia	Discovery of genic microsatellite markers from transcriptome sequences of <i>Eurycoma longifolia</i> root	3099	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
FABIO	SALBITANO	Italy	Genetic diversity of <i>Quercus ilex</i> L. as a tool for retracing the dynamics of the Mediterranean forest ecosystems	3458	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Sandra A	Owusu	United States	Genetic variation at microsatellite markers in four North American <i>Quercus</i> species	3640	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Ian	MacLachlan	Canada	Genome-wide effects of selective breeding on adaptation of reforestation seedlots for future climates	3609	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Wonwoo	Cho	Korea, Republic of	Selection of Poplar clones to Combat Desertification in Inner Mongolia, China	1583	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Myeong Ja	Kwak	Korea, Republic of	The assessment of <i>Populus</i> spp. and <i>Ulmus pumila</i> for combating desertification in Mongolia	2370	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Natalia	Castelán Muñoz	Mexico	Effect on chlorophyll fluorescence in seedlings of four families of <i>Pinus leiophylla</i> under drought and recovery	319	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest and Water Interactions
HUMBERTO	GONZALEZ RODRIGUEZ	Mexico	Seasonal and Diurnal Water Relations in four Native Shrubs, Northeastern Mexico	434	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest and Water Interactions
Marilyn	Combaler	Philippines	Evaluating the Water Use Efficiency of Selected Plantation Species in the Philippines	1477	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest and Water Interactions
Lubica	Ditmarová	Slovakia	Effect of drought on physiological and growth processes of selected beech and spruce provenances in Central Europe	1868	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest and Water Interactions

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Michael	Grabner	Austria	The influence of drought on the density of different softwood species and provenances grown in Eastern Austria.	1922	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest and Water Interactions
Nelson Manguiat	Pampolina	Philippines	Lateral Root and Shoot Formation in Rhizophora styloza Griff. (Rhizophoraceae) Geared Towards Effective Mangrove Conservation and Management in the Philippines	2702	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest and Water Interactions
Divakara	Baragur	India	Assessing Variability and Divergence of <i>Jatropha curcas</i> Linn. Germplasm under Ex-situ Conditions	574	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
R.T.	Aggangan	Philippines	Slow release fertilizer and mycorrhizal inoculum potential effective for <i>Acacia mangium</i> under nursery conditions	1306	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Md. Aktar	Hossain	Malaysia	Effects of Exogenous GA3 Application on Growth and Fiber Quality of Selected Varieties kenaf ( <i>Hibiscus Cannabinus</i> L) Plants	2027	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Alejandra	Rojas	Costa Rica	Somatic embryogenesis in <i>Hyeronima alchorneoides</i> (Euphorbiaceae) from zygotic embryos	709	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Shruti	Sharma	India	Wastelands rehabilitation by growing genetically improved <i>Melia composita</i> Willd.	2493	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Harish	Ginwal	India	Aspects and prospects of Eucalyptus improvement in India	650	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Modhumita	Dasgupta	India	Spatial expression analysis of developing xylem specific cellulose synthase gene from <i>Eucalyptus tereticornis</i> and its molecular characterization	843	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Yasodha	Ramasamy	India	Genetic linkage map development in eucalypts for abiotic stress tolerance	876	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Shruti	Sharma	India	Genetic diversity and breeding strategies for genetic improvement of <i>Melia composita</i> Willd.	1166	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
R.T.	Aggangan	Philippines	Mycorrhiza enhanced growth and heavy metal tolerance of <i>Acacia mangium</i> , <i>A. aulacocarpa</i> and <i>Swietenia macrophylla</i> in minewaste soil	1365	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Modhumita	Dasgupta	India	Isolation, Characterization and Expression Profiling of two Homeodomain-Leucine Zipper Transcription Factor Genes in <i>Eucalyptus tereticornis</i>	1804	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Kamran	Abdollahi	United States	Impact of Biochar Soil Amendment on Growth and Physiology of Tree Saplings	3730	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Jingmin	Jiang	China	Variation of Stem Growth and Morphology Traits of some pine Hybrids in southern China and their Correlations	950	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Katherine	Sinacore	United States	Species diversity effects on productivity and water use in a tropical tree plantation	3357	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Eric	Carbaugh	United States	Effect of silvicultural intensity and spacing on crown architecture of four loblolly pine clones	3371	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Victor	Nieto	Colombia	<i>Eucalyptus</i> in Orinoco Colombia, challenges and opportunities	3677	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Nicola	La Porta	Italy	454 sequencing to assess the differential expression of genes due to ozone stress in <i>Viburnum lantana</i> L.	2874	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Health in a Changing World
Adejoke	Akinyele	Nigeria	Effect of pre-treatment and sowing media on germination of <i>Tetrapleura tetraptera</i> (Schum. & Thonn) seeds	156	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biodiversity and Ecosystem Services
Kang Chiang	Liew	Malaysia	Preliminary Study of Root Penetration On Degradable Bioplastic-based Planting Pots	272	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Ana	Hline	Costa Rica	CRYOPRESERVATION OF TEAK ( <i>Tectona grandis</i> L.f) SEEDS	486	General Poster Session	Division 2 - Physiology and Genetics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Forest Products for a Greener Future

Mateus	Sanquetta	Brazil	AMOUNT AND QUALITY OF RESIDUE BIOMASS GENERATED IN FOREST HARVESTING SYSTEMS FOR PINE AND EUCALYPT PLANTATIONS IN SOUTHEASTERN BRAZIL	1070	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Yasushi	Suzuki	Japan	A case study of wood fuel utilization by community forestry for sustainable, cost-effective management of local forest in Japan	1178	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Benjamin	Engler	Germany	Optimizing Biomass Resource Allocation for Industrial and Energetic Utilization in the Light of Forest Certification	3326	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Fabrcia Menez	Mota	Brazil	Factors critical damage to the environment of the production chain of charcoal in Brazil	3689	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Nicola	La Porta	Italy	Elemental composition in wood and different tree compartments on the quality of chips for fuel.	2966	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Emily	Carter	United States	Soil Impacts and Forest Operations in Southeastern USA	3368	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Peter	Rauch	Austria	Impacts of forest resource competition on future bioenergy production in Austria – Answers by a System Dynamics Model	187	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy
Paula	Jylhä	Finland	The impact of longer-term storage (3-6 months) on forest chip properties	570	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00-13:30	Poster: general poster session		Forest Biomass and Bioenergy

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Paula	Jylhä	Finland	The storage of Scots pine forest chips - CO2 fluxes as an indicator of dry matter losses	572	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Kazuhiro	Aruga	Japan	Estimating Harvesting Costs and Projecting Available Amounts of Logging Residues with Small-scale Forestry in Nasushiobara city, Tochigi prefecture, Japan	1022	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Mika	Yoshida	Japan	Establishment of logistics for economic biomass energy supply chain in Japanese condition	2329	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Dirk	Jaeger	Germany	Log distribution planning for efficient wood supply chains	2859	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Toshio	Nitami	Japan	Forest Woody Biomass collection through a Bundling Process in Mountainous Area	2918	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Maya	Fujiwara	Japan	Evaluation of the Drying Potential of Wood Chips inside Breathable Flexible Containers and Modeling of Moisture Content Transition	3141	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Carlos	Machado	Brazil	Evaluation of the wood hauling logistic performance in farm forest areas using Petri net	877	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Sylvain	Dupire	France	Automatic mapping of forest operation possibilities: a decision support tool for forest planning	2940	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Amaury Paulo de	Souza	Brazil	Production target for workers of digging holes machines for eucalyptus seedlings planting, as function of ergonomic factors, in Brazil	806	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Carlos	Machado	Brazil	Durability of chemically stabilized soils for forest road applications	872	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Carlos	Machado	Brazil	Analysis of the traffic performance in forest roads using computational methods	873	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Carla	Portugal	Brazil	Ergonomic evaluation of skyline models used in forest extraction.	881	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Amaury Paulo de	Souza	Brazil	Assessment of workers physical workload in semi-mechanized silviculture operations in mountainous regions, in Brazil	899	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Francis	Putz	United States	SLOPE RESTRICTIONS ON LAND-USE PRACTICES: CONSEQUENCES FOR BORNEO OF DIFFERENT DEFINITIONS AND LIMITS	972	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Se Kyung	CHONG	Korea, Republic of	Economic Impact Analysis on Forest Road Construction Using Input-Output Analysis	1591	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Marco	Hernandez Velasco	Sweden	Energy efficiency in intensified production of forest regeneration materials – design of a photovoltaic system for sustainably powering an innovative forestry incubator.	1767	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Adam	Lubera	Poland	Technical and technological valorisation of forest areas for machine timber harvesting on the basis of the CI index (Cone Index) in European forestry	2080	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Barbara	Bomfim	United States	The impacts of selective logging on litter input, soil carbon and nutrient stocks, in the Brazilian Amazon	3090	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Luis	Freitas	Brazil	Evaluation of environmental impacts of forest harvesting and its effects on sustainability	3124	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Robert	Keefe	United States	Areas of forest required to maintain sustainable, local wood supplies in pacific northwest communities	3772	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Yukina	Funasaka	Japan	The research about raising the safety awareness of forestry in Japan	1147	General Poster Session	Division 3 - Forest Engineering..	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests for People
Mayssa	Grise	Brazil	Urban forestry identification with high resolution remote sensing	1916	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests for People

Charlie	Schrader-Patton	United States	Considerations for using a plot based approach to model forest biomass and canopy structure at the landscape level using lidar technology	3854	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Pierre	Bernier	Canada	Assessing forest change across Canada using successive kNN-based maps of imputed forest inventory data	1203	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Him Lal	Shrestha	Nepal	Comparison of Landcover classification using Medium resolution and high resolution imageries	1483	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Melissa	Fedrigo	Australia	Combining lidar structure and ecology data in predictive ecosystem mapping models for improved estimates of landscape-scale forest carbon	1699	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Géza	Király	Hungary	Comparative assessment of riparian forests based on remote sensing in a Hungarian-Slovakian cross-border area	2986	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Yeda	Oliveira	Brazil	RapidEye object-based image classification and landscape ecology analysis to support geospatial component of Brazilian National Forest Inventory	3400	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Kevin	Megown	United States	Land Use and Land Cover Change Estimation - A Sample Strategy Monitoring	3703	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Peter O.	Adesoye	Nigeria	Potentials of Canopy Stratification in Modeling Planted Forests in a Changing World: Application to Pine Plantations in Nigeria.	267	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Cristiane	Lemos	Brazil	Zoning productivity and growth constraints for Eucalyptus forest plantation in Southeast of Brazil	3078	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Anders Tærø	Nielsen	Denmark	Site quality and climate factors in stand level modeling of biomass growth of hybrid poplar in Southern Scandinavia	3213	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Margarida	Tomé	Portugal	Comparing spatially and non-spatially explicit algorithms to implement thinnings in an individual tree growth model for cork oak stands	3494	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Tetsuji	Ota	Japan	Estimating above-ground biomass using airborne LiDAR in tropical seasonal forests for REDD+ implementation	1114	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
MIHAE	YOON	Korea, Republic of	Detection and quantification of forest carbon in intact tropical rain forests of Brunei Darussalam using remote sensing for REDD+	2571	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
James	Halperin	Canada	Modeling forest biomass baselines in Miombo forests of southern Africa: approaches and uncertainties	3092	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Sheila Edith	Zamora Lopez	Germany	A geostatistical approach to integrate the national forest inventories and monitoring issues in a scope of REDD+	3530	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Yongyut	Trisurat	Thailand	Protected Areas Adaptation to Future Climate and Land Use Changes in Northern Thailand	20	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Zohra	Bennadji	Uruguay	Climate change impact in the Uruguayan forest sector: an empirical evidences analysis	1717	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change
Elie	Padonou	Benin	Using species distribution models to select climate change resistant species for ecological restoration of bowé in West Africa	230	General Poster Session	Division 4 – Forest Assessment, Modeling and Management	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests and Climate Change

Rasoul	Yousefpour	Germany	The value of adaptation to climate change for european forestry	2991	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Climate Change
Patrick	Opoku	Germany	An Investigations into the interactions between Climate Change Initiatives in Ghana	802	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Climate Change
David	Ellison	Sweden	Fully Mobilizing Forest Potential in the Kyoto Process: On Potential Future Convergence Across the REDD+ and LULUCF Frameworks	2821	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Climate Change
Ming-Yuan	Huang	Taiwan	Cost-Benefit Analysis of Producing and Refining Cellulosic Ethanol from Pennisetum purpureum	3724	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Salvatore	Martire	Finland	Sustainability Impact Assessment for local bioenergy supply chains' development: the case of the Como Lake area, Italy	2660	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Hanne K.	Sjølie	Norway	Forest, climate mitigation and choice of policy means - how well suited are various bioenergy policies for combating climate change?	1176	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Raju	Pokharel	United States	Mill capacity to utilize logging residues for bioenergy production in the Southern United States	1989	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Vitor Afonso	Hoeflich	Brazil	REMUNERATION OF LAND IN FOREST INVESTMENT ANALYSIS	3152	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Vitor Afonso	Hoeflich	Brazil	RELEVANT ASPECTS OF VALUATION OF LAND IN INVESTMENT ANALYSIS	3168	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Alyson	Wade	United States	Industry perspectives on wood as a structural green building material	3431	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Elias	Hurmekoski	Finland	Long-term structural drivers of sawnwood consumption in Europe	1952	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Vitor Afonso	Hoeflich	Brazil	BRAZILIAN NATIONAL FORESTRY PRODUCTION CHAIN IDENTIFICATION BASED ON THE 2005 IBGE INPUT-OUTPUT MATRIX	2201	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Dodik Ridho	Nurrochmat	Indonesia	VPA on Forest Law Enforcement Governance and Trade between Republic of Indonesia and European Union: Who gains the benefits?	1498	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Hubert	Palus	Slovakia	Conditions at the forestry contractors market in Slovakia	1688	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Mersudin	Avdibegovic	Bosnia and Herzegovina	Development of Marketing Activities in Production of Logs in Serbia	1739	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Hubert	Palus	Slovakia	Wood Flow Analysis in the Slovak Forest Industry	1750	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Forest Products for a Greener Future
Masami	Shiba	Japan	Comparison between Western and Eastern historical views of sustainability (Nachhaltigkeit) principles of forest use	1368	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests for People
Ronnie	De Camino	Costa Rica	Local Team Leadership for Sustainable Development: The Case of the Model Forests of the Ibero-American Network	1416	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests for People
Gregory S.	Latta	United States	Competition for biomass in a declining pulp and paper market with evolving renewable energy policy	1879	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forest Biomass and Bioenergy
Gregory S.	Latta	United States	Evaluating additionality and leakage issues from voluntary participation in forest carbon offset programs	1883	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Climate Change
Jussi	Lintunen	Finland	On the Economics of Forest Carbon: Renewable and Carbon Neutral But Not Emissions Free	2716	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests and Climate Change
Martin	Greijmans	Thailand	Identifying potential sources of conflict in different types of intervention to community land and forests	2781	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00 13:30	Poster: general poster session		Forests for People

Presenter First Name	Presenter Surname	Presenter Country	Abstract Title	Abstract ID	Session No.	Session Title (with original session #)	Date and Time	Presentation type	Order in Session	Congress Theme
Manoela	Lopes	Brazil	DISCUSSION OF HOUSE PROJECT BILL 30/2011 FOR BRAZILIAN FOREST CODE AND CHANGES ON PERMANENT PRESERVATION AREAS IN THE BASIN OF RIO PARDO	2818	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests for People
Tamara	Cushing	United States	An international examination of tax and accounting rules and the impact on forest land ownership	3355	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests for People
Pablo	Pacheco	Indonesia	Participation of women in forestry activities: the case of women an invisible workforce in Ecuador	3634	General Poster Session	Division 9 - Forest Policy & Economics	October 7 & October10, 12:00-13:30	Poster: general poster session		Forests for People
