IUFRO Occasional Papers

The IUFRO Occasional Paper Series was initiated in 1994 and is intended for rapid dissemination of publications reflecting IUFRO activities, reports of meetings, frameworks for Task Forces, and collaboration with other organizations. This in-house publication series has been converted into an electronic series in early 2005, underlining its ambition of bringing forward IUFRO's immediate position on important forest-related issues.

Publications in this series are available on our website www.iufro.org under **Publications** or directly at <http://www.iufro.org/publications/series/occasional-papers/>.

Our Mission is ...

to promote global cooperation in forest-related research and to enhance the understanding of the ecological, economic and social aspects of forests and trees, including wood and non-wood products, goods and services; as well as to disseminate scientific knowledge to stakeholders and decision-makers and to contribute to forest policy and on-the-ground forest management.
