YOUR HOST CITY

Meet in Rotorua

Rotorua's Māori heritage and unique geothermal landscape make it one of the most memorable conference and event locations anywhere in the world.

The city and wider region has been one of New Zealand's premier tourist spots for generations and continues to be a major drawcard for visitors seeking adventure and rejuvenation. With a wide selection of venues and thousands of rooms in everything from luxury lodges to accessible, central city hotels, Rotorua is hard to beat for conference and business event organisers.

Rotorua boasts a panorama unlike any other. Wisps of steam betray geothermal hotspots, and around every corner you will stumble across one of the 18 breath-taking lakes and acre upon acre of majestic forest. Māori claimed this area as their cultural heartland, and when the geothermal resources were harnessed first them and later by the European settlers, Rotorua established itself as New Zealand's first tourism destination.

Fast forward to today and the city has developed into an iconic travel hub and premier event destination. It has a diverse range of event venues and accommodation as well as a cornucopia of attractions and activities, some of which are unique to Rotorua. This makes it an event organiser's 'pick-and-mix' paradise. Rotorua is still the best place to experience authentic

Māori hospitality and culture, while several geothermal parks afford great opportunities to witness bubbling mud pools, erupting geysers and vibrantly coloured mineral pools. Thanks to these geothermal resources, the city also boasts an award-winning spa industry.

While the number of things to do is mind-boggling, the majority are within easy reach of the compact central business district, with most venues being no more than a comfortable 20 minutes' drive.

Te Pā Tū shares 4-hour evening feasts aligned to and changing with the maramataka (Māori lunar calendar). Hākari (feasting) begins with forest horotai (canapes) and culminates in a lavish 3-course fusion feast.

Hell's Gate Mud Spa

For more than 700 years, Rotorua Māori (Ngati Rangiteaorere tribe) have lived on this land and have treasured this special site as a place of healing and revitalisation. Here, warriors would bathe in the sulphurous waters to heal their wounds after battle and remove the 'tapu' (sacredness) of war. Hell's Gate encompasses the Kakahi Falls, which is the largest hot waterfall in the southern hemisphere, a sulphur spa, a mud spa and traditional Māori massage therapy. This is a truly unique cultural wellbeing experience.

Rotorua Canopy Tours

Rotorua Canopy Tours embraces the cooler, wetter months when the forest really begins to pop. Dewy days cast a unique light through the flowering canopy. Moss and mushrooms appear, while cheeky juvenile birds fly up to say hello. Visitors can experience it for themselves with a New Zealand eco-tour through our awesome backyard.
