

Open Educational Resources- OER

What Forest Sciences Program Leaders and Teachers Should Know?

Mika Rekola

University of Helsinki

Feb, 2025

AIM

The goal is to enhance the quality of university level forest education worldwide through high-quality open educational resources.

Program Leader...

Do you know the content and core learning outcomes of other programs?

Do you know the best available teaching methods, such as AI and other digital tools?

Have you benchmarked the best practices nationally or internationally?

University teacher...

Do you what other universities are teaching (the content and core learning outcomes) in the similar courses you are lecturing?

Do you know the best available teaching methods, such as AI and other digital tools?

Have you benchmarked the best practices nationally or internationally?

Webinar for
Teachers,
March 18,
3 p.m. UTC

Why and what are Open
Educational Resources
(OER)?

How to use existing OER
systems in my teaching?

Next steps

Webinar for
**Program
Leaders,**
March 26,
3 p.m. UTC

Why and what are Open
Educational Resources (OER)

How to use existing OER systems
benchmarking my program
content and teaching methods?
