

## INVITATION

Join the International Union of Forest Research Organizations IUFRO for the presentation of the new publication:

### **International Forest Governance: A critical review of trends, drawbacks, and new approaches.**

**UNFF19 Side Event**  
**Friday, 10 May 2024, 1:15 – 2:30 pm New York time**  
**Conference Room 4**

In-person event - light lunch will be provided!

The report published by the Science-Policy Programme (SciPol) of IUFRO synthesizes the most pivotal developments in international forest governance since 2010. Its findings provide actionable insights for land use and climate policymakers to spur the implementation of just and effective forest policies.

*Welcome remarks by:*

**John Parrotta**, US Forest Service, IUFRO President

*Presentation of the report by authors:*

**Daniela Kleinschmit**, University of Freiburg, Germany

**Constance McDermott**, University of Oxford, U.K.

*Stakeholder statements by:*

**Tiina Ryttilä**, Ministry of Agriculture and Forestry of Finland

**Nathalie Faure**, EticWood/RECOFTC

*Introduction/Moderation by*

**Christoph Wildburger** and **Nelson Grima**, IUFRO

The side event will be [streamed on UN WebTV](#).
