Guiding questions

- What are the possible and anticipated impacts of efforts to achieve the 17 SDGs and related targets on forests and forest-related livelihoods?
- What are the contextual conditions that determine how SDGs are implemented and prioritized
- How do these conditions and related SDG implementation pathways influence impacts?
- What are the important interconnections and interlinkages among the SDGs and related trade-offs and opportunities for beneficial synergies vis-à-vis forests, forest ecosystem services and forest-related livelihoods?
